BIG LOCKOUT IN MILLS OF ENGLAND SOON

Master Cotton Spinners Set August 11 as Date; 500,000 Workers Involved

Employers' Decision Is Result of Strike in One of Lancashire Factories

Manchester, Eng., July 27.—A lockout that will affect 500,000 workers was decided upon here today by the Master Spinners' Federation as a means of alleviating conditions in the cotton industry. The lockout will be effective August 11.

The situation came to a head through a strike in the Ramsey cotton mill, near Oldham. The strike grew out of a dispute with the trades union, the mill having retained an employee whose membership in the union was said to have lapsed. A meeting of the master spinners had been called for to-day to consider this question. No statement was immediately forthcoming from the employees.

Mayor of Vancouver Recovering Health

Vancouver, July 27.—Doing very well, with an assured chance of recovery, was the report given out at the Vancouver General Hospital today on the condition of Mayor L. D. Taylor, who is recovering from a fracture of the skull received when the propeller of an aeroplane struck him last Monday afternoon.

ISLAND OPIUM SEIZURE NETS RECORD HAUL

Customs Men Found All But Four of 1,400 Cans Contained Drug

According to J. C. Barton, chief of preventive services officers of Vancouver, the \$140,000 seizure of opium here early this week was the largest in the history of the Canadian Pacific Coast.

Lun Mow, Chinese merchant in Nanaimo to whom the goods were addressed from the Canadian Pacific liner Empress of Russia, which arrived in Victoria last Friday evening, has been charged with illegally importing opium and has been placed under arrest. A minute examination revealed that only four cans contained peat cut oil and salted turnips, the remaining 1,400 cans containing opium.

Mr. Barton today admitted that Lun Mow has been under suspicion for two years. He imports Chinese luxuries from Hongkong, and at all times his consignments have received special attention from customs officers. The usual custom is to examine one can in each case, but Lun Mow's shipments have received more than customary attention.

BLOW TO SMUGGLING

Mr. Barton expressed belief that the seizure will prove a heavy blow to dope traffickers, as each can is worth \$100, and costs \$40 gold in China.

The opium was for consumption in Canada, and not destined for the United States, Barton believes. "It is just as easy or as difficult to import dope in the United States as to import it in Canada, and the Orientals realize they would be taking double chances if it were transhipped from Vancouver Island," he said.

Although the bulk of opium is used in Vancouver and Victoria Chinatowns, large quantities are sent illicitly into interior British Columbia and East of the Rockies, he explained.

FIRST WHEAT IS CUT IN ALBERTA

Grain Sown Last Fall in Chin District Near Lethbridge Harvested

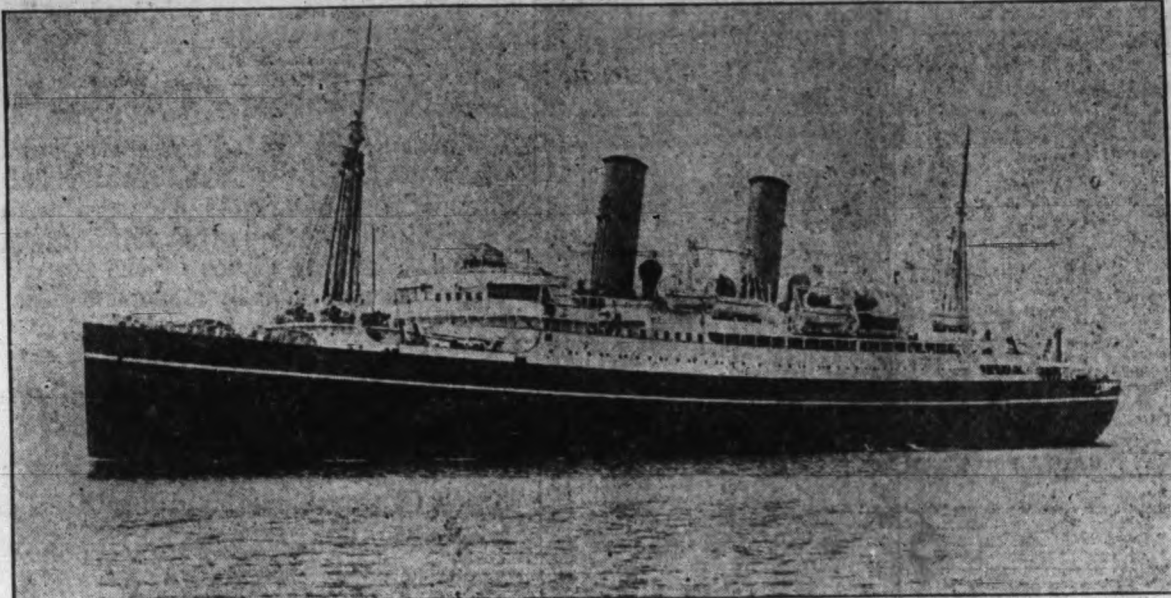

Lethbridge, Alberta, July 27.—Harvesting of winter wheat has been started in Southern Alberta. John Ross has five binders at work in a large field in the Chin district. The crop promises a heavy yield. Winter wheat, in this region, however, will not return as heavy yields as last year owing to very dry weather in May.

Spring wheat cutting will be started in about three weeks, some early fields now showing signs of ripening. The crop is one of the heaviest on record.

RAIL WAGES IN BRITAIN CUT

London, July 27.—An agreement was reached late today at a conference between the railway managers and the railway union leaders of Great Britain under which all railway employees, including high officials and directors, will accept a reduction of two and one-half per cent in wages.

Berths in Montreal After Collision With Collier In St. Lawrence River; Liner Montrose

Liner and Coal Ship In St. Lawrence Collide and Collier Is Beached By Crew

B.C. TO ENJOY LONG SPELL OF COOL WEATHER

Rush of Cold Air From Pacific Sweeps Province; Some Rain Coming

Weather Experts Foresee No Early Break in Present Lower Temperatures

People all over British Columbia who have been sweating in the recent heat wave are assured of a long period of cool weather from now on, officials of the Observatoire here announced today.

A surge of cool air off the open Pacific is sweeping inland now, having reached the Coast last night, F. Napier Denison, superintendent of the Observatoire, stated. Besides dropping the temperature all along the Coast, the cool wave should bring showers and thunder storms to the lower mainland around Vancouver, Mr. Denison added. It is doubtful, however, that the lower end of Vancouver Island will get rain.

The interior, which has been baking under terrific heat in the last few days, will gain relief almost immediately as the cool wave is trailing eastward, Mr. Denison said. The interior is almost assured of drenching showers as well.

AIR CHANGING

"The air has been so hot in the last week or so that it has risen, and the place is being taken by cool air off the ocean, which is rushing in at rapid speed," the weather man explained. "There is going to be a delightful cool weather for a considerable spell now. We can foresee no heat at all for some time."

FIRE HAZARD EASED

This summary of weather prospects brought relief to the provincial forestry service, which had become almost over the top of forest fires. Lower temperatures and higher humidity already have brought a break in the fire menace, and if showers fall, as predicted, the situation may become easy again. Up till today when the cool spell commenced, the hazard was regarded as acute. Even with cool weather, the utmost caution will be required in the woods to prevent fire outbreaks, experts said.

WEEDS CUT OFF FLYING BOAT

Courtney Crew Now Expects Plane to Rise at Azores and Head Across Atlantic

Horta, Island of Fayal, Azores, July 27.—Captain Frank T. Courtney, British flier, today came to the definite opinion that the reason for his failure to rise yesterday in an effort to resume his transatlantic flight was because the bottom of his flying boat had become fouled.

He arranged to have the plane cleaned at the breakwater and after this has been completed will make a new effort to get away.

GERALD BOULTON, TORONTO, DIES

Montreal, July 27.—Gerald D. Boulton of Toronto, assistant general manager of the Imperial Bank of Canada, died suddenly here today.

Mr. Boulton was in his sixty-first year and had been in the service of the Imperial Bank throughout his career.

No Deaths When Liner Montrose, on Way to Montreal With Passengers From Great Britain, and Ss. Rose Castle of Sydney, N.S., Meet in Early Morning Near Three Rivers, Que.; Montrose, With Bow Damaged, Proceeds to Montreal; Officers and Crew Act With Great Efficiency

Montreal, July 27.—Her stem piece twisted and buckled, the plates of her port bow torn off as by a great knife, and her port bow anchor missing, the Canadian Pacific liner Montrose berthed here today after having collided a few hours earlier with the Dominion Coal Company's steamship Rose Castle, a large collier, on her way down river from Montreal in ballast to Sydney, Nova Scotia.

The Montrose left Quebec last night bound for Montreal with a large number of cabin passengers, after crossing from Great Britain. When passing Cap de la Madeleine, in the vicinity of Three Rivers, about 1.30 a.m., the liner collided with the collier, one of the largest of her class on the St. Lawrence River.

The passengers on the Montrose were awakened by the impact and immediately rushed on deck, but there was no panic. The ship's officers and watch on deck had the situation well in hand.

COAL STEAMSHIP REACHED

The Rose Castle was beached, being in very bad shape after the collision. There were no casualties aboard the Montrose, but no word has been received here as to the safety of the Rose Castle's crew.

Many Forest Fires Raging on Island And Lower Mainland

British Columbia was fighting a dozen formidable forest fires at widely-separated points on Vancouver Island and the Lower Mainland today, following the hot weather of the last week.

At Horne Lake and Duncan, on Vancouver Island, forest rangers report stubborn fires. Fires are also raging in North Vancouver, Lund, Harrison Lake and Pemberton Meadows on the Mainland and in Cheakamus Canyon, near the Pacific Great Eastern Railway. Some of the fires are believed to have been started by lightning. Others are blamed by forest rangers on carelessness of berry pickers.

COVERS FIFTY ACRES

Fifty acres of slash, including felled and bucked timber, have been swept by fire near Horne Lake, north of Nanaimo, on the logging operations of Thompson and Clark. The fire broke out Thursday morning and by night a crew of 175 men was struggling to get it under control. Little damage has been reported.

On the Indian reserve near Duncan there is a fire covering three-quarters of an acre which, it is hoped, will be extinguished today.

WASHINGTON SAWMILL DESTROYED BY FIRE

Bellingham, Wash., July 27.—Fire last night destroyed the main part of the Bloedel-Donovan sawmill at Skykomah, entailing a loss probably in excess of \$50,000, according to word received today at the company's office here. The plant employed about 125 men.

MAD CAT CAUSES DEATH OF GIRL

Toronto, July 27.—Four-year-old Loraine Boyson of Windsor, Ontario, who died in convulsions here on Wednesday last, died from the scratch of a mad cat.

An analysis of the brain disclosed rabies. The girl was clawed in the face two months ago by a cat which, it is believed, had previously been bitten by one of many infected dogs in the neighborhood.

Powder Magazine In Virginia Blows Up

Norfolk, Va., July 27.—A powder magazine at the St. Julien naval ammunition depot, five miles south of Portsmouth, Virginia, exploded shortly after midnight. Of the fifty marines and a number of civilians employed at the depot, reports received here today said none had been injured.

PLAY BOY WINS LIVERPOOL CUP

Liverpool, July 27.—Play Boy, owned by J. Joel, won the Liverpool Cup here today. Reed Walker's Delus was second and Mrs. H. Lawrence's Regalo was third. Eight ran.

Play Boy is by Pommern-Myl Dolly. Play Boy won by a neck, while there was one and a half lengths between the second and third horses. The odds were 10 to 1, 11 to 2, and 11 to 2. The stakes were £1,500 and extras and the distance one and one-quarter miles and 170 yards.

Nanaimo Girl Leads Province In Entrance Examination Results

Miss Marjorie Helen Lague Secures Highest Marks in Provincial Tests; Miss Kathleen Doris McIntyre, of Esquimalt, Heads This District; 4,578 Pupils Recommended for Promotion; 2,294 Students Succeed in Tests

Miss Marjorie Helen Lague, of the Nanaimo Public School, led all British Columbia in high school entrance examinations held in June, according to examination results announced by the Department of Education today. Miss Kathleen Doris McIntyre, of Lamson Street School, Esquimalt, was the Governor-General's bronze medal for this district.

Under the regulations of the Department of Education, pupils attending a school of four or more divisions in a district where a high school is in operation are promoted on the recommendation of a committee composed of the principals of the elementary and the high schools and the provincial inspector of schools. Certificates are being issued to 4,578 students on the recommendation of the provincial committee. Of the 3,922 candidates who sat for the departmental examination 2,294 were successful. In all 6,725 will receive high school entrance certificates.

Candidates whose names appear in the list of those who were successful in passing, and also in the list of recommended pupils, sat for the examination to compete for the Governor-General's medals.

Miss Marjorie Helen Lague, a pupil of the Nanaimo public school, was the honor of leading the Province with an aggregate mark of 447 out of a possible 500.

For the purpose of awarding the bronze medals which are presented annually by His Excellency the Governor-General, the Province has been divided into ten districts and a medal is given to the candidate securing the highest number of marks in his district. The medals for this year are awarded as follows:

District No. 1—Kathleen Doris McIntyre, Lamson Street School, Esquimalt, 441 marks.

District No. 2—Marjorie Helen Lague, Nanaimo School, 447 marks.

District No. 3—James Douglas McLeod, Livingstone School, Vancouver, 436 marks.

District No. 4—Vera McAllister, Queen Mary School, Point Grey, 446 marks.

Chicago Has New Police Force Head

Chicago, July 27.—Mayor William H. Thompson has named Deputy Commissioner F. Russell as the new commissioner of police of Chicago to succeed Michael Hughes, who resigned yesterday.

EUROPE HAS FIRST WOMAN PILOT OF AEROPLANE LINERS

London, July 27.—Lady Heath, noted British air woman, has been engaged by the Royal Dutch Air Lines as a pilot for its passenger aeroplane service. She is the first woman to be so employed.

Lady Heath, the former Mrs. Elliott Lynn, is the wife of Sir James Heath, British iron master and collieries proprietor. She arrived at Croydon, England, May 21 from Capetown, South Africa, completing a 10,000 mile solo plane flight started in February. She was the first woman to fly the length of the African continent.

FIRE SWEEPS LARGE ASYLUM

Inmates of Tennessee Institution Escape; Criminals Still at Large

Nashville, Tenn., July 27.—Scores of insane patients in the Tennessee State Hospital for the Insane near here, many of them considered dangerous, were liberated early today when fire partly destroyed the main building.

All occupants of the main building were driven from their beds scantily clad, guards and nurses taking time only to warn the inmates of the danger. Whether or not there was loss of life had not been determined, pending an investigation.

The institution is eight miles from the city and the blaze had gained great headway before two companies of the city fire department and a squad of police reserves arrived.

Warning shouts of the guards, police and firemen stirred to terror many of the inmates who, soaked by a drizzling rain, darted across fields and down highways and railroad tracks illuminated by the flames. When the upper walls started crumbling, those patients who remained clustered about the institution screamed and moaned in fear and broke through the police lines.

Officers tried frantically to round them into other buildings of the institution and deputies posted on highways took many of them to police stations in the city, although so far as could be determined none of the dangerous criminals had been accounted for.

CITIZENS WARNED

At dawn the alarm was sounded through the countryside and residents were put on their guard by police messengers.

Apparently the fire originated on the roof, although the cause has not been determined. The loss is estimated at \$250,000.

MacDonald Is To Leave Britain For Canada To-morrow

London, July 27.—Rt. Hon. Ramsay MacDonald, ex-Premier and British labor leader, was so overwhelmed with work in preparation to sail for a visit to Canada to-morrow that he declined to make any extended comment today on the suggestion that Soviet Russia be given an opportunity to sign the Kellogg outlawry of war treaty.

He stopped long enough, however, to say: "I think if Russia is left out a great mistake will be made."

LITTLE JOE

IT IS UNLUCKY TO POSTPONE A WEDDING UNLESS YOU KEEP ON DOING IT.

Los Angeles, July 27.—Earl A. Fraser, millionaire, was killed last night when his automobile, traveling at high speed, struck another car, crashed into a curb and turned over three times. Police said Fraser's car was traveling between sixty-five and seventy miles an hour. The driver of the other car escaped injury.

Speeding California Autoist Loses Life

Los Angeles, July 27.—Earl A. Fraser, millionaire, was killed last night when his automobile, traveling at high speed, struck another car, crashed into a curb and turned over three times. Police said Fraser's car was traveling between sixty-five and seventy miles an hour. The driver of the other car escaped injury.

HEAVY LOSSES IN GRAIN FIRES

Two Large Areas of Crops and Number of Houses in Washington Destroyed

Walla Walla, Wash., July 27.—Fire that had burned for twelve hours in rich wheat lands on Eureka Plate, thirty miles northwest of here, apparently was halted this morning after having swept 500 to 600 sections of farming country. It was the most disastrous grain fire in the history of the region.

HOUSES DESTROYED

Winona, Wash., July 27.—Thirteen houses were destroyed by fire which swept in from burning grain fields here early today. The fire later was controlled by volunteer fighters recruited from Colfax, twenty-five miles east of here, brought here by automobiles and about a special train.

G. NEWLIN LEADS U.S. BARRISTERS

Seattle, July 27.—Gurney Newlin of Los Angeles was elected president of the American Bar Association by unanimous vote at the organization's annual convention here today.

NO HOLD-UP IN BUSINESS OF COUNTRY

Government to Prevent Dislocation of Administration Before Retirement

Will Uphold Marketing Law Through Courts; Public Works to Proceed

After deciding to remain in office until about August 31, to comply with provincial legislation, the MacLean Government took steps today to prevent the paralysis of public business until the new Conservative Government is formed.

While no big questions of policy will be settled by the retiring Administration and no large contracts awarded, whatever business is necessary for the welfare of the Province will be transacted, it was announced officially. All questions coming before the Government will be considered on their merits, and if they demand immediate attention they will be dealt with in the ordinary way. Matters which can be continued or delayed without injuring private business or adversely affecting the public generally will be left for the new Government to handle.

In pursuance of this policy, the Attorney-General's Department is preparing to proceed with steps necessary to uphold the legality of the Produce Marketing Act and to represent British Columbia's views on the broad question of water power jurisdiction before the Canadian Supreme Court.

Explosion in Barge At Buffalo To-day

Buffalo, N.Y., July 27.—An explosion aboard the oil barge James F. Kallen in Buffalo harbor early today, destroyed the craft and endangered shipping in the harbor. One man, who was blown overboard, was believed to have been fatally injured and another was missing.

HEAVY LOSSES IN GRAIN FIRES

Two Large Areas of Crops and Number of Houses in Washington Destroyed

Walla Walla, Wash., July 27.—Fire that had burned for twelve hours in rich wheat lands on Eureka Plate, thirty miles northwest of here, apparently was halted this morning after having swept 500 to 600 sections of farming country. It was the most disastrous grain fire in the history of the region.

Secret Diary Relates Britain's Struggles; Traveler Cheats Death

Asquith's war-time record of events, his own personal, secret diary, relates some of the incidents which vitally affected a nation at war and which now are history. An other instalment of this gripping work is in Saturday's magazine section of The Times.

Carlton Beals, young adventurer, tells a tale of near-tragedy in the desert of sun, sand and snakes.

There are pages in this Saturday supplement dealing with Old World news, literature, science and invention, society and fashion, and a special page for the children. In addition there are four colored pages of comics.

SUCCESS OF HUSKY PUTS BLAME FOR MANY AILMENTS ON CHRONIC ACIDITY

A. G. Payne, Discoverer of the Medicine Called "Husky," Who Has Created So Much Discussion Through His Opinion That a Very Common Evil is Responsible for 90 Per Cent of People's Suffering From Sour Stomach, Headaches, Nervousness, Biliousness, Rheumatism, etc., Gives Reason for so Many Disappointments From Using Hit and Miss Methods

Says Chronic Acidity Has Been Spreading at an Alarming Rate Ever Since We Began Changing From the Ways of Our Ancestors, and No Longer Eat the Plain, Wholesome Food, Principal Among Which Are Plenty of Raw Vegetables, Which Kept Our Forefathers Hale and Hearty

Absolutely Proven That 'Husky' Rids the System of Its Load of Acidity

"Very few people know what goes wrong with their system, when they begin suffering from sour stomach, indigestion, bloating, gas, belching, bad breath, headaches, nervousness, no appetite, can't sleep, skin breaks out, joints get stiff, muscles flabby, feel tired out continually and lose weight," says A. G. Payne, the botanical wizard who has undoubtedly done more for the relief of human suffering than any other one man. Mr. Payne introduced his medicine called "Husky" to prove his theory that ninety per cent of the common ailments people suffer from come from one thing—chronic acidity.

"They probably realize that something unusual is wrong," Mr. Payne continued, "but don't consider it serious until, as time goes on, they become so run down that they have to force themselves to do their work, or exert themselves. Life becomes really a burden to them and they hardly know where to turn next for relief. That's the way chronic acidity affects people. It stubbornly resists the ordinary remedies which give occasional relief in mild cases, because the kind of food we continually eat nowadays so easily turns to acid.

"When I convinced myself that chronic acidity is to blame for so much suffering I immediately started to perfect a medicine which would absolutely rid the system of its load of acidity, sweeten and relax the stomach and bowels, so every bite of food a person eats is properly digested, the starch and sugar wastes which cause acidity, eliminated, by the blood to build assimilated by the body which it must have to give the body strength, energy and endurance. That medicine, which I named Husky, I am happy to introduce to the public with full assurance

MRS. LUELIA RING

"Just take Husky every day, if you want to keep pain away," says Mrs. Luelia Ring of 20 Grosvenor Street, Toronto, who writes that Husky has made her feel better than she has for years.

"I was constipated," she said, "and had gas on my stomach after eating. Had no appetite and always felt weak. I was even tired when I got up in the morning. I could just feel the gas leaving my stomach and new strength flowing through my veins as I used Husky, and now I am not even constipated. I would like to recommend Husky to anyone who wants to feel good all the time."

HASN'T HAD A WEAK, DIZZY SPELL SINCE USING HUSKY

Suffering Woman Was
Afraid to Go Out on
Street Before as Sick
Feeling Would Come
Over Her

"I would get weak and dizzy every now and then and these spells would make me feel so faint that I was afraid to go out on the street alone, lest one of these attacks would come over me," said Mrs. Louise LeBlanc of 982 Urbain Street, Montreal.

"You can easily see," she said, "why I am so thankful to Husky. I haven't had a weak, dizzy spell since I have been using this medicine. I really didn't feel well one minute before I started Husky as I had a sour, gassy condition of the stomach that kept me miserable. This trouble had been with me for three or four years and at night I couldn't sleep the gas pained my stomach so. I was constipated and all kinds of laxatives failed to help this trouble.

"My nerves were raw and the least noise would make me jump and go all to pieces. I was so tired all the time and I had felt bad so long I just felt helpless. People kept recommending Husky to me and so I began using it. I have used a good treatment of six bottles and to-day I am in the best of health. I am no longer constipated and Husky just seemed to clear the gas away completely. The best thing of all is that I am sleeping well all night and have no sign of nervousness and never feel weak and dizzy. I can go anywhere alone now and as I walk along feeling fine I think how lucky it was that I found Husky."

Get a bottle of "Husky" to-day, begin its treatment and fill your body with rich, red blood, tone up your entire system, clear your skin and build resistance to disease. "Husky" is recommended and sold by the MacParlane Drug Co. and other good drug stores everywhere. (Adv.)

NANAIMO GIRL LEADS PROVINCE IN ENTRANCE EXAMINATION RESULTS

BRITISH HARVEST WORKERS

London, July 27.—Rt. Hon. L. C. M. S. Amery, Secretary for the Dominions, was asked in the House of Commons yesterday whether plans were being made for 10,000 men, three-quarters of them idle coal miners, to go from Britain to work in the Canadian harvest fields, and if he could make a statement on the matter.

He replied he had received a telegram from the subject from the Canadian Government but the matter was not yet sufficiently advanced to enable him to make any statement.

The Minister was further asked whether he would see before any arrangements were made that nothing of the mismanagement that had taken place in past years happened again.

"Certainly, I will try to see arrangements are made enabling the movement to be carried out successfully," he said.

Headaches!

They may be sudden, but they needn't last long. They may come often, but one remedy won't fail. Aspirin is always ready, always works, and never works any harm. It stops the pain, and there its action ends; there is no effect whatever on the heart. Bayer on the box means genuine.

Aspirin is a Trademark Registered in Canada

ROAD WORKER LOSES HIS LIFE

Revelstoke, B.C., July 27.—Struck by falling rock after a premature dynamite explosion on the Mount Revelstoke automobile highway, about fifteen miles from here, Axel Johnson, a native of Sweden, was killed yesterday. A Bergstrom, sixty-five, was seriously injured.

Three Child Workers Are Killed in Crash

Rockville, Conn., July 27.—Three children were killed and eleven injured yesterday when an auto truck in which thirty-five children were returning from work at a tobacco plantation overturned at Ogden's Corners, near here.

INDIAN PRINCES SEEK CHANGES

Rulers Present Views on Democratized India to Commission in London

London, July 27.—Under strictly secret and businesslike conditions, Indian ruling princes are presenting their cases to the Indian States Committee here for more satisfactory political relations between their respective states and the Government of India.

NEW POSITION STUDIED

Many millions of Indians are ruled by the native princes, who are apprehensive of their position under a democratized India.

The conference has brought to the capital some of the most colorful figures ever seen even in London. The Maharajah of Patiala, who has a suite of twenty-nine rooms in one of the great hotels, is typical. Such a gathering of these rulers has not been seen since the coronation of King George.

VANCOUVER DEATH

Vancouver, July 27.—Robert Patterson, eighty, twenty-eight years a resident of Vancouver, died in a hospital yesterday. He was born in England. He was a marine engineer.

MEN OF ITALIA TRAVELING HOME

Survivors of North Pole Expedition Hissed by People at Narvik, Norway

Narvik, Norway, July 27.—The North Pole expedition survivors, who lost their lives when they started for home, were hissed by the people of Narvik, Norway, when they arrived here yesterday. The expedition, which was led by Umberto Nobile, was the first to reach the North Pole. The survivors, who were rescued by the Italian ship, the Città di Milano, were hissed by the people of Narvik, Norway, when they arrived here yesterday.

General Umberto Nobile, who commanded the dirigible, looked like a man broken physically and mentally. He was pale, thin and stooped and his haggard face showed plainly the strain of worry and illness.

REMAINED ABOARD
Captain Filippo Zappi, navigator of the ship, appeared on deck, intending to buy some clothes, when there were hostile cries from the crowd on the quay and he decided to remain aboard the ship.

During the afternoon the Italians appeared on the deck of the vessel. Natale Ceccioni, motor chief, whose leg, broken in the crash of the dirigible, was bandaged, appeared to be the most cheerful. He smoked a cigar and crutched with a great cigar in his mouth. Gen. Nobile seemed ill when he appeared wearing civilian clothes with his gloves in one hand. He smiled a bit when talking to his companions aboard, but appeared to be nervous and absent-minded. His past sufferings were manifest and this seemed to have a restraining effect on the onlookers.

MET BY BROTHER
When the survivors landed, Radio Operator Biagi came down the gangplank first. He threw himself in the arms of his brother, who was awaiting him. Ceccioni followed, refusing help. General Nobile still seemed nervous when he said farewell to the officers of the Città di Milano. He walked down the gangplank freely and nearly stumbled.

A large crowd had assembled on the quay by that time. There was some hissing, but no disorder, and only two policemen were present.

The members of the Swedish Relief Expedition, who left for Stockholm in the same train, were loudly cheered as they boarded their car.

The train left at 6:30 p.m.

WILL CONTINUE TO SEARCH

The Città di Milano will return to the Spitzbergen region to aid in the searching operations for the six members of the crew of the Italia who drifted away with the balloon part of the airship after the crash on the ice near Foy's Island. It will also aid in the hunt for Capt. Roald Amundsen and the five men missing with him.

PREMIER KING PLANNING TOUR

Ottawa, July 27.—A revised schedule for Premier King's prairie tour was issued here today. The Prime Minister's decision to attend the League of Nations sessions in Geneva in September has resulted in a shortening of his tour by some days.

He will leave Ottawa Saturday, August 4, for Brandon, Manitoba, and Prince Albert, Saskatchewan, on his speaking itinerary. Premier King will spend nearly a week in his constituency, Prince Albert. He will leave for Ottawa on August 14.

During his stay at Prince Albert, Premier King will open the Prince Albert National Park and the Prince Albert fair. The remainder of his visit there will be occupied with a tour of his constituency.

NO HOLD-UP IN BUSINESS OF COUNTRY

(Continued from page 1)

TO UPHOLD LAW
The Provincial Government, it was announced, will fight the present attempt to upset the Marketing Act through lower courts to the Privy Council, which will probably hear the questions involved about next June.

J. W. de B. Farris, former Attorney General, acting for the Province, will contend that the statute is constitutionally sound and not ultra vires of the British North America Act, as asserted by Chinese "potato bootleggers" of the Fraser Valley. While the case in question has been halted to permit the Canadian Minister of Justice to be represented, this is a formality, and it is not expected here the Department of Justice will interfere in any way at this stage, if at all.

TEST IS ASSURED
With these preparations under way, a complete test of the law's constitutionality, which has long been desired by many agriculturists, is now definitely assured.

Mr. Farris was appointed as Government counsel before the recent provincial election.

The Attorney-General's Department also is planning to proceed with final preparations for the Supreme Court hearing, which will settle finally where federal jurisdiction over Canadian waterways and waterpowers ends and where provincial control begins.

As this hearing, vitally important to British Columbia with its vast waterpowers, is to be held early in September and as the new Government will not take office here much before the first of that month, it is felt that the present Government must finish plans for the case. Much work on it already has been done in an effort to protect provincial control of waterpowers. But no counsel has been finally appointed. It is expected an eastern counsel will be chosen to appear for British Columbia.

PUBLIC WORKS
In the Public Works Department no new appropriations are being made, but appropriations authorized before the election will be spent. It will be for the Government to make new appropriations and award any large contracts pending, like that for the new Esquimalt mental home and the North Bend bridge. Meanwhile there will be no interference with work already under way and covered by authorized appropriations.

PRESENTATION IS CONVENTION ECHO

Real Estate Board Thanks All Those Who Assisted: Out-siders Write

Everett, Seattle, Tacoma, Spokane and other cities have all joined in sending a special letter of appreciation to the splendid work of organization done by the Real Estate Board of this city in preparation for the Pacific Northwest Real Estate Association convention last week. A special letter of thanks was received from the association's last year's president of the body, The Victoria convention, he said, was "one of the finest and most successful on record, both from a standpoint of business accomplished and entertainment given."

Major H. G. Huthbert Holmes, president of the Victoria board, at the regular luncheon meeting of that body to-day, declared that a debt was owed to the ladies, wives of the members, who had given so generously of their time to assist the convention.

There were numerous others, he said, who deserved the thanks of the body. Mr. and Mrs. R. P. Butcher, Mr. and Mrs. F. B. Pemberton, Herbert Wilson, of the Empress Hotel; Major M. Kirkpatrick Crockett and Mr. and Mrs. Alfred Carmichael were specially mentioned. A presentation had been made to Mr. Wilson, he said, and to Mr. and Mrs. Carmichael he handed a beautiful and chaste silver rose bowl.

Mr. Carmichael, speaking in answer to the toast showed upon him and Mrs. Carmichael, said that they had not worked unassisted. He wished particularly to thank Stewart Clark and Hubert Lethaby, secretary of the board, for their efforts. He invited the board members and their families to visit his Summer home at Saseneos.

W. N. Davies, through whose offices the convention had been arranged for the night of July 18, in connection with the entertainment programme of the convention, gave his report of that event and was thanked by the board.

A half dozen resolutions of thanks were recorded by the meeting.

IRRIGATION NOW LIMITED

Saanich Restrictions on Water Usage Now in Effect

Restrictions upon irrigation in Saanich officially came into effect to-day, when the Lieutenant-Governor-in-Council officially approved a by-law passed some weeks ago by the Saanich Council.

The restrictions are designed to assure householders an adequate supply of water for the midday and evening meals. Widespread complaints had been filed with the council showing that many parts of the municipality had been entirely deprived of water because irrigationists in low level drain the mains.

The new restrictions apply to the area east of Douglas Street and south of the Lake District boundary line, and affect practically the whole of the waterworks system east of Douglas Street. In this area use of water is prohibited for purposes other than human and animal consumption, between 11 and 2 o'clock in the middle of the day and between 5 and 7 o'clock in the evening.

MID-DAY BATHS BANNED
While the by-law specifically mentions prohibition of irrigation between these hours, an interpretation clause states that the measure is designed to stop use of water in the limited hours for all purposes other than human and animal consumption.

Watering of home gardens must stop, and drawing of bath water is also technically banned during the restricted periods of the new by-law.

Physicians Fight Epidemic Among Far North Indians

Ottawa, July 27.—Steps to relieve conditions among the Indians of the Mackenzie River district, who are suffering from an epidemic of influenza, are being taken by the Department of Indian Affairs. Instructions have been sent to the agents of the department in the district to give all the relief possible to the sick Indians. It was stated at the department that physicians are now on the ground and that other steps are being taken to cope with the epidemic.

MANY FOREST FIRES RAGING ON ISLAND AND LOWER MAINLAND

(Continued from page 1)

IN PEMBERTON MEADOWS
Starting from lightning, fire is burning on mountain slopes near Pemberton Meadows, on the banks of the Lillooet River. Eighteen men have confined the blaze to jack pine and scrub timber high on the mountain slopes. Extinguished on two fronts, the burn on Thursday crossed a ridge and has spread to the western slope.

Berry pickers are blamed by forestry officers for a ten-acre blaze Thursday afternoon between Mosquito Creek and the Capilano, in North Vancouver. Twenty-five men are fighting the outbreak.

ON HARRISON LAKE
The fire on Harrison Lake, on the McCollough logging operations, has spread to seventy-five acres. It is burning through slash and bench timber and is being fought by twenty-five men.

To reduce the fire hazard, logging camps are working on a morning shift from 3 a.m. to noon, thus avoiding the dangerous heat and low humidity conditions of the afternoon.

Running wild threatening settlers and burning considerable home and fire fighting equipment, a big blaze is sweeping through Cheakamus canyon, in the vicinity of Mile 16, on the Pacific Great Eastern Railway. It broke out yesterday and all P.G.E. employees in the locality, to the number of thirty, were mustered to quell the fire. It is burning over a mountainous country, which has been the scene of fires in previous years. So far it does not approach any merchantable timber.

GREAT TRACT IS TO BEAR RUBBER

Fords Send Expedition to Brazil to Plant Trees on 5,000,000 Acres

The Ford Motor Co. has sent an expedition destined to develop for the Ford Motor Company a large tract of land in Brazil, which is estimated to contain 5,000,000 acres of land suitable for rubber trees. The expedition is headed by Mr. J. H. Ford, who is accompanied by a number of experts in rubber cultivation.

The Lake Orinoco equipment includes a modern hospital, a chemical and experimental laboratory, a machine shop and a refrigerating plant. The clothing, medicine and food supplies carried are believed sufficient for the needs of the staff for two years.

5,000,000 ACRES IN TRACT
The Ford tract comprises approximately 5,000,000 acres of Brazilian jungle lands.

It now bears a quantity of native rubber trees, but the clearing the jungle and the planting of the entire tract in rubber will consume several years. When the plantation is in full production it will have a yearly yield sufficient to supply tires for 2,000,000 automobiles, officials believe.

TEACHERS TO MEET IN QUEBEC

Winnipeg, July 27.—The 1928 conference of the Canadian Teachers' Federation will be held in Quebec City the second week in July, an invitation from that city having been accepted at the closing session of the ninth annual meeting here yesterday.

In reports submitted yesterday Toronto, Ottawa, Winnipeg and Hamilton were declared to have the most progressive salary schedules for teachers, with Montreal, Vancouver, Regina, Saskatoon, Calgary and Edmonton grouped behind.

CANADIAN AIRMAN ATTEMPTS RECORD

W. L. Brinnell Flies Fast Plane From Montreal to Winnipeg

Ottawa, July 27.—W. L. Brinnell, pilot of a Pinner Super-universal monoplane, took off from Shirley's Bay, near here, this morning at 7:45, for Winnipeg, in an attempt to make a record-breaking speed flight.

The aviator, flying director of the Western Canada Airways, arrived here from Montreal yesterday.

Accompanying Brinnell as a passenger is J. O. Ray, manager of a Canadian aeroplane engine manufacturing company.

When leaving here the two expressed the hope the long journey would be completed in something less than twelve hours.

No Higher Salaries For Members of the British Cabinet

London, July 27.—Premier Stanley Baldwin has more or less put an end, for the time being at least, to the agitation for a revision of the salaries of British Cabinet Ministers by stating there is no evidence of any general desire for a committee inquiry on the question of the adequacy of the salaries. The agitation received an impetus with the recent retirement of Speaker Whitely of the House of Commons and the discussion of his pension, in which it was argued there was need for an upward revision of the salaries in view of the economic changes in the past few years.

Lightning Strikes Railway Station

Moose Jaw, July 27.—Lightning struck the station building at Rock Glen, on the Canadian Pacific Railway line from Assiniboia to Fife Lake, yesterday afternoon. The wire board was torn from the wall, instruments were hurled from the desk and loose equipment was thrown to the floor. The roof was ripped from the building and windows were broken. Mrs. F. A. Jowett, wife of the station agent, who was alone in the station at the time, suffered a severe shock.

ORANGE LEADERS NAME NEW HEAD

Edmonton, July 27.—Electing officers and naming Montreal as the meeting place for 1929, the Grand Orange Lodge of British-America ended its ninety-seventh annual session here last night. The newly-elected grand master is John Easton of Winnipeg, who succeeds Hon. J. W. Edwards, M.P., of Kingston, Ont., who had been grand master since 1923.

Sir Arthur Chance, Dublin, Died To-day

Dublin, Irish Free State, July 27.—Sir Arthur Chance, noted Irish surgeon, died to-day after a long illness. He was sixty-nine years of age.

MANY DIE IN RUSSIAN FLOODS

Moscow, July 27.—Many have been lost in floods which are sweeping the Nazarov and Skibinski regions. A number of houses were floating in the river at Zeya to-day.

SWINDLER IDENTIFIED

New York, July 27.—The New York Times to-day says Mrs. Maria Josephine Leslie, who bought \$238,000 worth of gems on her former employer's credit and sold them for \$81,000, has apparently been identified as the former Maria Josephine Eastwick of Philadelphia, notorious swindler.

Angus Campbell & Co. Ltd.

1008-10 GOVERNMENT STREET

CANADA AND THE PERMANENT COURT

CANADA'S NOMINATIONS FOR THE
vacancy which has arisen in the Permanent International Court of Justice at Geneva are Mr. Justice Duff of the Supreme Court of Canada and Mr. Eugene Lafleur, K.C., of Montreal. Mr. Justice Duff is one of the most distinguished members of the bench in the country and Mr. Lafleur one of the Dominion's most eminent lawyers. The former first rose to prominence in British Columbia, occupying a seat in the Supreme Court for two years prior to his elevation, in 1906, to the higher tribunal of which he still is a member. Mr. Lafleur is a recognized authority on constitutional law and very few of the more important cases have been presented to the Supreme Court of Canada or to the Judicial Committee of the Privy Council in which he has not taken part.

It will be understood that a vacancy on the International Court is filled only after the nominations of the various national groups associated with the League of Nations have been considered and voted upon. The present one was caused by the resignation of Mr. John Bassett Moore, of the United States, whose term still has two years and five months to run. His successor therefore will be elected to complete that unexpired period. The Court, incidentally, is composed of eleven judges and four deputy judges who are chosen for their "high legal and moral authority." It sits at The Hague and deals by means of opinions and judgments with all disputes regarding international law, breaches of international obligations, and the interpretation of treaties. It already has dealt with more than a score of disputes, some of which might have led to an open breach between the states concerned. It has, moreover, won a reputation both in Foreign Offices and in the legal professions of the world.

It follows that names which will be put in nomination when the appointment is made will represent some of the most eminent legal experts and prominent jurists in the world. In this regard the recommendations which the national committee of Canada has made on behalf of this country will be certain to command special attention. Either Mr. Justice Duff or Mr. Lafleur would be an acquisition to the Court, and it would be particularly appropriate for the body to add to its number one who could bring the Canadian point of view to bear upon the solution of such problems as those which from time to time come before it. The retiring member, of course, was able to impart the New World atmosphere to the Court's deliberations; but the United States is not a member of the League of Nations. Canada is, and is a member of the Council as well.

EXCESS BAGGAGE

TWO MONTHS IN JAIL AND A FINE OF
seventy-five dollars was the punishment handed out to R. C. Snelgrove, organizer of the Ku Klux Klan in Saskatchewan for carrying concealed weapons.

The law-abiding people of the great prairie province will not quarrel with the court's decision. There is no room in Canada for any of these imported gentry of the "invisible empire." Parliament and our legislatures make our laws and efficient police forces see that they are obeyed. Very few infractions go without suitable punishment. That is why there is a wholesome respect for the law in this Dominion.

There is a lot of real work to do in Canada. The work Ku Klux Klan organizers do is not part of it. Their principal object appears to be to collect money and make trouble. We should prohibit the entrance into Canada of agitators of this character.

THE TWO FACES

HON. R. B. BENNETT HAS BEEN ADDRESSING
the members of the Maritime Summer School at Sackville, N.S., on the subject of the national life of Canada. He urged them all to make their contributions to it.

Mr. Bennett at a Summer School is not the Mr. Bennett of the political platform. He is performing a service to this Dominion when he urges our young people to make their contributions to the national life of Canada. More of our public men ought to be preaching this gospel oftener and more earnestly than they are doing at the present time. This is a young country, capable of great things, and a glorious future is assured for it if the youth of the Dominion catch the right inspiration. But as soon as Mr. Bennett takes the political platform he gives little thought to the national life of Canada. He utilizes most of his time and oratory in extolling what he tries to make out is the abounding prosperity of the United States. He declares continually, in spite of facts and figures which prove the contrary to be the case, that our young men and young women are pouring

into the neighboring republic because there is not sufficient inducement to Canada to hold them here. He has done this so often, and others of the same political stripe also have been doing it, that it is small wonder some of our young people fail to resist the temptation to go and see what it is all about.

We want a more virile Canadianism in Canada. It is strengthening, but it can be given a still greater impetus if more of our public men will put their country first and political manoeuvre as far behind them as possible.

THE TRAGEDY OF THE ITALIA

UNTIL THE WHOLE STORY OF THE
Noble expedition to the North Pole has been told in language which will be clear to a somewhat perplexed public, the world will be just in refraining from pronouncing hasty judgment on the vague and conflicting accounts which so far have been given out.

Latest advices from Narvik tell us that when the Citta di Milano arrived there yesterday with survivors of the ill-fated Italia they were greeted with a manifestation of hostility which was unmistakable. The least this suggests is that both in Norway and Sweden, if not in Italy as well, something more is known of the whole unhappy business than has yet been set down in black and white. Feeling appeared to be running so high, moreover, that the train which is conveying the survivors to Italy was given special protection.

The two countries most intimately concerned in the venture and its tragic ending are Sweden and Italy. Both certainly will want to know just what did happen, whether ample precautions were taken, whether faulty judgment or sheer misfortune was responsible. But the world also wants to know the truth. Many rumors, queer silence and conflicting dispatches have aroused more than a general interest. It is essential that a searching investigation should be conducted. None should welcome such a course more than General Nobile himself. He was the commander of the expedition and until more is known than is known at present it is only natural that he will remain more or less under a cloud.

BOUNDARY TABLETS ON BRIDGES

THE IMPORTANCE OF HAVING THE
exact position of the boundary permanently and plainly marked on international bridges between Canada and the United States has long been realized and has been emphasized within the last few years by a number of specific requests for information in this regard. Accordingly, after a treaty had been signed in Washington in 1925, entrusting to the International Boundary Commission the task of maintaining the entire boundary between Canada and the United States in a state of effective demarcation, the Commissioners decided to mark the boundary on all international bridges, as well as to keep open vistas in wooded areas along the boundary, to repair existing boundary monuments, and to erect new ones where required.

The first bridge on which a boundary marker was placed was the new Peace Bridge which spans the Niagara River between Fort Erie and Buffalo. After determining the position of the boundary on the bridge with great accuracy, specially designed bronze tablets, twelve by eighteen inches in size and bearing in low relief the coats of arms of the two countries and, in addition, appropriate inscriptions, were securely fastened to the concrete balustrade on each side of the bridge.

WHAT OTHER PAPERS SAY

WOMEN AND WORK

(In Victorian days unmarried women who were not of the working class "would have turned pale at the idea of selling their white hands with rough work. They clung to old and pathetic traditions of ladyhood, and, like the old soldier in the army classic, slowly faded away.") We are beginning to look back upon all that wasted womanhood as one of the great blots on Victorian common sense. It is better for women that they should work, and it is better for the country. When economists tell us with one voice that if this country is to make an end of its troubles it must work harder, how can we order home all those women who are working cheerfully and helpfully, making money, gaining in self-respect, and enriching the resources of the country?

THE POISON-GAS MYSTERY

The steady refusal of Mr. Baldwin's Government to ratify the convention renouncing the use of poison gas in the event of war with any state which has also ratified it is more mysterious than ever. At the end of February Mr. Baldwin had got so far as to express qualified willingness to consider the advisability of ratification after all important powers had ratified or signified their intention to do so. Waiting for all important powers to do something is not the policy one expects a British Government to follow, and especially in a matter so important as this. It is not the policy which France pursued, for she ratified the convention long ago; it is not the policy which Italy and Russia are pursuing, for this month these powers have announced their ratification. Is there some still undisclosed but valid reason for our persistent adhesion to the policy of non-ratification? If there is, should we not be told? Mr. Baldwin can hardly pretend that a risk taken by France, Italy and Russia—all countries with apprehensions about "security"—is a risk far too great for the British Empire to take. Still less can he pretend that this country is willing to be exposed in certain circumstances to be deluged with poison gas, while in similar circumstances other nations have secured themselves against that horror. What is he waiting for, and for how long?

A THOUGHT

Every man's work shall be made manifest—I Cor. iii, 12.
Why has no religion this command above all others: Thou shalt work?—Auerbach.

BRIDGE MADE EASY

by W.W. Wentworth

In the manipulation of the cards, the finesse is one of the most useful "working tools." It is a manoeuvre which assists in winning a trick for you with a trump with every card in that suit.

An illustration of the finesse in a situation frequently encountered may be described as follows: West holds the King and four of hearts; Dummy, the Ace, Queen; East holds none and the Declarer holds the two and three of hearts.

The only way in which the declarer can win two tricks in hearts is to lead a small card from his hand to the Ace-Queen. If West holds the King, both the Ace and Queen will win tricks. If West plays the four, the declarer plays the Queen; if West plays the King, the declarer covers with the Ace in the dummy, and the Queen is then sure to win a trick.

If East holds the King, the declarer will fail. This, however, does not lessen the value of the manoeuvre. There is a chance of making a trick with the Queen and the Ace, and the declarer would be sure to lose a trick regardless of whether East or West held the King. This finesse gives the declarer his only chance of winning two tricks in the suit.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, July 27—5 a.m.—Intense heat has prevailed in Central B.C. and fair, moderately warm weather is reported in the prairies.

Reports

MAYOR JIMMY GIVES THRILL TO VANCOUVER

His Diminutive Worship of New York There as "Just Folks"

Smiles and Wise Cracks Up to His Reputation

Vancouver, July 27.—When Mayor James A. Walker arrives back on his sidewalks of New York he will still have at least one souvenir of British Columbia. During his fifteen minute stay in Vancouver Thursday night the chief executive of America's largest city smiled and "smart cracked" up to his reputation through features, tanned with the kind sunburn which is only acquired after a day on British Columbia's highways and sailing over her land-locked salt water lanes. He left for the East on the private car "Boomer," on Canadian Pacific train No. 2, the Imperial Limited.

Dignity, as Mayor "Jimmy" explained, was "out" on his first visit to Vancouver. He was "just folks," and he

JOTS FROM GEOGRAPHY

KALAMBO FALLS, located between Rhodesia and Tanganyika Province, Africa, was not discovered until recent years. It is one of the world's largest and most interesting falls. The torrent plunges over a precipice, making first a sheer drop of 1,200 feet, then a second of 200 feet. A Cape-Cairo expedition located the great Falls of Kalambo. FR

POPULATION OF GREATER VICTORIA SHOWS INCREASE

Wrigley's Directory Authorities Give 67,679 in Victoria and Municipalities

Population of Victoria, the increase in one year of 1,119, according to a report from Wrigley's Directories Limited, Vancouver office, Victoria's population at the present time, including the city, municipalities, and the Pacific Northwest, is 67,679. This figure is obtained through the agents of the Wrigley Directories and is as authentic as it is possible to obtain without an actual census, according to the compiling authorities.

The steady growth in population over a period of years shows Victoria's progress, while not extreme as far as population goes, is holding to a normal upward trend together with other cities of the Pacific Northwest. Within another year authorities believe that the population in and about this city will be increased by a still greater figure, particularly where rural districts are concerned. In 1920 it is predicted the population will have reached the 70,000 mark.

Vancouver, July 27.—Fred Holstford, twenty-one, Vancouver, collapsed in three feet of water at Baywater Beach yesterday and died despite efforts to revive him, which lasted three hours. He was not in the water more than fifteen minutes. He had been subject to fainting spells and a physician who

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, July 27, 1903.

When the Charnier rounded the point last evening and passed into the Inner Harbor something was noted at the masthead which, it is quite safe to say, Capt. F. Rudin would only permit under exceptional circumstances. It was a broom. The crowd gathered at the dock knew what it meant, and they gave expression of their knowledge in unmistakable manner. They immediately associated the broom with the common process of sweeping, and in the case of the J.B.A.A. carmen at the Terminal City it was a clean sweep.

Yesterday Archbishop Orti delivered a beautiful panegyric on Pope Leo XIII, before a large audience assembled at St. Andrew's Cathedral upon the occasion of the memorial services to the Pontiff.

Weather Forecast—Victoria and vicinity: Light variable winds; fine and warm to-day and Tuesday.

About 400 patronized the Y.M.C.A. excursion to Mudgev Landing, Salt Spring Island, on the steamer City of Nanaimo, on Saturday afternoon. The hotel card agreement proposed by Sir Thomas Shaughnessy will come before the City Council this evening.

In order that the vessel may enter service before the end of the season, the C.P.R. is pushing the work on the new ferry steamer, Princess Victoria, with all possible dispatch. Asked this morning when the steamer is likely to begin service, Capt. J. W. Troup replied that it would likely be about the middle of August.

BYE-BYE TENNIS TITLES IS SONG OF B.C. PLAYERS

All Western Canadian Championships Will Likely Go to California

Semi-finals To-day and Finals To-morrow Will Produce Whirlwind Matches

Vancouver, July 27.—With every event except the mixed doubles down to the semi-finals, tennis followers are due to see some brilliant interchanges in the two concluding days of the Western Canada championships.

With the defeat of A. S. Milne, by Bradshaw Harrison and of Geoff Peers by Johnny Riso, British Columbia has not an entry in the men's singles left. Nor does the Province fare any better in the ladies' singles, for Marie McNab, city champion, went down before Marion Hunt, of San Francisco, 6-1 and 6-0. Muriel Munro was beaten by Ethel Burkhardt by 6-1 and 7-5, while Rosalie Ellis was disposed of by Golda Meyer Gross, also in straight sets.

None of the California ladies has yet dropped a set in four days' play. Miss Hunt has lost only ten games in four matches.

GOOD MATCHES IN SIGHT
In the men's singles to-day "Peck" Griffin was to meet Johnny Riso, brilliant one-armed player, while in the other half of the draw Joe Goughlin, junior champion of California, and conqueror of Leon De Turenne,

of Seattle, meets Bradshaw Harrison, holder of many 1928 titles.

With the defeat of Harold McLean and Sparling of Seattle, the last Canadian team went out of the men's doubles. In the mixed doubles, Vancouver players are still in four combinations. Miss Tatlow and Dixon succeeded in downing Howard Langlie and Miss Strauss in two sets of 6-4. Mrs. Grigo, of Jericho, and Sid Smith, of Tacoma, two in the fourth, two in the fifth and five in the sixth.

Yesterday's results were:

MEN'S SINGLES
Fifth Round

Riso, San Francisco, beat Peers, 1-6, 7-5, 6-1.

Harrison beat Milne, 6-1, 4-6, 6-1.

LADIES' SINGLES
Fourth Round

Ethel Burkhardt, San Francisco, beat Muriel Munro, 6-1, 7-5.

Mrs. Gross, San Francisco, beat Miss Ellis, 9-7, 6-0.

Josephine Cruickshank beat Mrs. Leachman, San Francisco, 6-3, 6-2.

Marion Hunt, San Francisco, beat Marie McNab, 6-1, 6-0.

MEN'S DOUBLES
Fourth Round

Griffith, San Francisco, and Turenne, Seattle, beat Malcolmson, Yakima, and Cosgrove, San Francisco, 6-4, 6-4.

Riso and Almqvist, Tacoma, beat Coughlin and Driscoll, San Francisco, default.

Harrison and Lockwood, Tacoma, beat Langlie and Nordstrom, Seattle, 6-4, 5-6.

Seller and Brown, San Francisco, beat W. Langlie and Prusoff, Seattle, 9-7, 6-3.

LADIES' DOUBLES
Fourth Round

Misses Cruickshank and Burkhardt beat Mrs. Wolridge and Miss Greig, 7-5, 6-2.

Mrs. Muir and Miss Ellis beat Mrs. Stoker and Mrs. Rose, 6-2, 6-2.

Mrs. Gross and Miss Hunt beat Mrs. Marion Hunt and Miss McNab, 6-2, 6-1.

Mrs. Grigor and Miss McNab beat Misses Munro and Gillespie, 8-6, 6-1.

LADIES' JUNIOR SINGLES
Third Round

Miss Hunt beat Miss McNab, 6-4, 7-5.

Miss Weil, Menlo Park, beat Miss List, Victoria, 6-0, 6-0.

MEN'S JUNIOR SINGLES
Third Round

Coughlin beat Nordstrom, 6-1, 8-6.

Prusoff beat B. Hanbury, Victoria, 6-1, 6-4.

Cosgrove beat R. Hanbury, 6-0, 6-4.

Forbes, California, beat Johnson, Portland, 4-6, 6-2, 6-2.

MIXED DOUBLES
Miss Strauss and Langlie beat Mr. and Mrs. Muir, 6-4, 6-4.

Mrs. Gross and Almqvist beat Mrs. Wolridge and Greig, 7-5, 6-2.

Miss Tatlow and Dixon beat Miss Strauss and Langlie, 6-4, 6-4.

Miss King and Nordstrom beat Miss Cove and Langlie, 6-1, 5-7, 6-4.

Mrs. Gross and Almqvist beat Miss H. Leeming and Cunningham, Victoria, 6-1, 2-6, 6-3.

Miss Cruickshank and Seller beat Miss I. O'Shea and Rayment, 6-0, 6-0.

Miss Hunt and Cosgrove beat Miss Cole and Murray, Seattle, 6-4, 6-4.

Miss Burkhardt and Riso beat Miss Munro and Sparling, 6-3, 2-6, 6-2.

Mrs. Leachman and Lockwood beat Miss T. O'Shea and Williams, 6-1, 6-1.

Mrs. Grigor and Smith, Tacoma, beat Miss V. O'Shea and Rhodes, 5-7, 6-5, 7-5.

VETERAN'S SINGLES
Third Round

Young beat Clark, 6-4, 6-4.

Maw beat Young, 6-3, 4-6, 6-4.

Farquhar beat Williams, 6-1, 6-4.

MEN'S DOUBLES
Third Round

Riso and Almqvist beat Harold McLean and Sparling, 9-7, 6-3.

Helen Wills Takes Home Another Title

Manchester, Mass., July 27.—Miss Helen Wills defeated Edith Cross of San Francisco, Pacific Coast women's champion, to win the Essex Country Club tennis tournament bowl to-day.

The scores were 6-1, 6-3.

RALLY GIVES SONS A WIN

Score Five Runs in Sixth Inning to Hand Eagles 11-6 Trouncing

Scoring five runs in the sixth inning the Sons of Canada trounced the Eagles 11-6 in the first game played at the Royal Athletic Park last night.

Coming to bat in the first half of the sixth, three runs behind, the Eagles staged a rally and tied the count. In their half of the inning, however, the Sons scored enough runs to win the game.

The fans were given an added thrill when Steve Dunn, of the Eagles, and Lloyd Cann, of the Sons, poled out home runs.

Cann, former Commercial leaguer, occupied the mound for the Sons and twirled a good brand of ball. He allowed six scattered hits and struck out eleven. Whitehead worked the Eagles, and allowed seven hits while he whiffed six. He was inclined to be wild in the pinches.

The Eagles scored one run in the first inning, two in the third and three in the sixth. The Sons drove home one runner in the second, one in the third, two in the fourth, two in the fifth and five in the sixth.

The box score follows:

	AB	R	H	PO	A	E
Eagles—	4	0	1	4	1	2
G. Gandy, 1b	4	0	1	1	1	1
Baker, 2b	4	0	1	1	1	1

HARD ROCK FROM DOWN UNDER IS POUNDED TO GRAVEL BY VICIOUS FISTS OF TUNNEY

(Continued from page 4)

fall an easy victim to another barrage of well-timed punches that knocked him groggy and reeling.

As he stood there, with his back to the ropes, his arms hanging heavily at his sides, a certain victim to a finishing knockout blow, Eddie Forbes, the referee, busily waved Tunney to his corner.

Heehey had had his chance and lost, but only after fighting a game, uphill battle.

ROUND ONE

Grinly determined Tunney shipped a solid right to Heehey's jaw. The challenger ducked and swarmed into Gene with short left and right hooks to the chin that drove the champion to the ropes. Heehey shot over a solid right to the head on the break. Sticking to his right hand, Gene crossed two rights on Heehey's jaw, but a sweeping left hook almost bowled the champion from his feet.

Tunney was out fast stabbing now with his left, but Tom beat both hands like a tattoo on Tunney's chin as they came together. Gene ripped a solid right to Heehey's head, but it never moved the challenger and Tunney was on the run as Tom ripped after him, both hands flailing to the head. There was a bad bruise over Tunney's left eye at the end of the round.

ROUND TWO

Tunney, obviously startled with Heehey's offensive, started boxing the challenger. He shot his left to Heehey's head but could not keep the bulldog of the Anzacs away. Tunney put left and right into the sturdy New Zealander without causing a flicker of Heehey's eyes. Gene whipped over a left and then ripped left and right hooks to the chin in a furious exchange. Tunney sparred as Tom ripped in. When Gene's left hook dropped the low Tom mentioned it and Gene smiled and asked forgiveness. A second later they were crashing each other along the side of the ring in a slugging exchange of head clouts that rocked both on their heels. The bell broke up the exchange as the crowd roared its approval.

ROUND THREE

Absolutely awed by the power in Tunney's newly found right, Heehey plodded into a right-handed exchange with the champion. Tom dropped his guard and stood before the champion hands ready, daring an exchange. Gene accommodated him and they over a left and right, short, vicious pokes that stung jaw and cheek. Gene did not seem to like that and he bounced back on the defence, spearing the challenger with successive lefts as Tom went after him. Tunney slipped as Heehey swept a right hook to his head and nearly fell, but came back to firmer footing without having been down. He was unhurt. Heehey slugged viciously at the champion's head, while Tunney met his attack with solid left hooks to the body.

ROUND FOUR

The crowd belovied the invader on as he whipped a short left and right to Gene's chin. Gene bounced two rights off Tom's chin and put the challenger's head back, a stinging left hook. Gaining the upper hand for the first time in the fight Gene threw a right at Heehey's head with every ounce of weight and strength he had behind it. This time Tom's eyelids actually fluttered and Tunney pressed his advantage with two crushing rights to the head. Sensing the turn, with blood beginning to drip from a cut

under his chin, Heehey tore into the champion and started him to his feet with a rocking valley to the head. Back to the heap in the same position as when Dempsey floored him last fall, Tunney fought vainly to stay out of danger, but Heehey nailed him repeatedly on the head. The bell broke up the challenger's onslaught.

ROUND FIVE

Tunney smashed his right full under Heehey's heart but the Anzac seemed to like it and bounded in close to slug the champion's body. Gene drilled a left and right into Tom's rugged head and blood dribbled from the challenger's nose. Heehey's natural style, Gene prodded Tom with jolts to the head and body as Tom stupidly plodded into whatever punishment came his way. Tom slipped as Tunney hooked him in a clinch but was up without a count. Tunney pecked at him steadily up to the bell.

ROUND SIX

Tunney's mastery defence had Heehey quite muddled. Tom plodded in, only to find his clouts caught on the champion's arms and his body battered by Gene's thudding right. The champion stepped in with bullet-like left hooks to the body and bounced his right again off Heehey's features. In a clinch with the broad-shouldered Tom half a head shorter, Tunney roughed it to the bell.

ROUND SEVEN

Taking a breather, Tunney was content to maul with the challenger. Gene's effectiveness of Tom's left hook by burying his right hand against his cheek. Tunney danced about, spearing Tom with a left. The Anzac missed frequently, his short arms going by Tunney's head. Tom caught the champion again near the ropes, Tunney's vital spot, and slashed a left and right to Gene's head. Gene wobbled a bit and tore out of the precarious position so fast that he landed in the centre of the ring before Tom could get away from the ropes.

ROUND EIGHT

Freshened by water poured over his head and a new hair comb, Tunney came out to hold the challenger helpless. Heehey's left eye swelled and nearly closed when something irritated it. Tom shook his head in desperation as he could hardly see from that eye. Finally he closed it of his own accord and tore into Tunney with one good eye. Quick to see his ad-

vantage, Gene held the challenger a moment and then punched left and right to Tom's head and body. Tom wobbled under the blows and blood spurted from his nose as he leaned forward in a desperate effort. Tunney hit his courageous attacker right up to the bell.

ROUND NINE

Hardly able to see from his left eye despite the ministrations of his seconds, Heehey gallantly ploughed into the champion. "They need Heehey," said Gene, "but Tom put the worst of it as Tunney's striking drive continued to pound him. Blood began to come from Heehey's left eye. An outright last fight, Heehey came down and again summoned his strength for another surge. He ripped his right and left to the champ's head.

ROUND TEN

Heehey's eye looked almost normal as he came out to follow the unmarked champion. Gene grabbed Tom as he lunged forward and sank left and right to body. The snap seemed to have disappeared from Heehey's punches, and Tunney apparently had little desire to cut up the challenger further. Tom reeled under full left and right-hand clouts to the head. Plodding forward by instinct Heehey ran into a knee and went down under a right to the head. As Heehey rolled unconscious the bell rang and ended the session. His seconds had him restored for the next round.

ROUND ELEVEN

Tunney came out with a left that missed and Tunney measured Tom for a final blow. Showing amazing recuperative powers, his head a mass of blood, Tom plunged again into the champion, who smashed him with a right to the head. A right to the heart sent Tom reeling again. Tom could barely stagger in the close paces. His back to the ropes, Tom staggered forward. Tunney half kidding, stabbed him easily with left and let him get away. Gene flayed Tom about the head and Tom reeled under the punishment. The referee stepped in and stopped it.

Uplands Golf Team Visits Vancouver

The Uplands Golf Club will send a team to Vancouver over the week-end

to play the first half of the annual match with the Point Grey Golf Club.

The second half of the match will be played here in September. The Uplands team will be as follows: R. Morrison, H. Brynjolfsson, P. Edmunds, A. C. Falk, W. Newcombe, R. L. OAK BAY GETS STOP SIGNALS

Adoption of the arterial highway system in Oak Bay was decided upon last

evening at the regular meeting of the Oak Bay Municipal Council.

Stop signs will be placed on all streets intercommunicating with Oak Bay Avenue, Newport Avenue, and Cadboro Bay Road, at or near the respective points of junction, except at the junction of Newport Avenue and Beach Drive where a slow sign will be placed. These signs will commence on Oak Bay Avenue at Foul Bay Road and on Port Street, past Foul Bay Road where Cadboro Bay Road commences and leads into The Uplands.

The danger of motoring in Oak Bay, if these stop signals were not placed at the intersection of the main highways, has been stressed by members of the council. Motorists coming from the city seldom think, after they have passed the city limits, that they are in Oak Bay, where the traffic regulations are different, it was stated.

OLD-TIME SPEED KING FEATURED IN VARIETY FILM

Raynor Colman, old-time speed king, is featured in "The First Auto," production of "The First Auto," with Raynor Colman, Ruth Miller and directed by Roy Del Ruth. His first race, in which he drove a car built by Ford, is one of the outstanding laugh thrills of the picture, which includes Charles Emmett Mack, Russell Simpson, Frank Campeau, Paul Kruger, William Demarest and Douglas Gerrard. "The First Auto" is at the Playhouse Theatre to-day.

BILLIE DOVE HAS MADE SENSATIONAL RISE TO STARDOM

Billie Dove, First National's new star, whose latest picture, "American Beauty," is now at the Variety Theatre, has been on the screen less than five years. Her rise to stardom is one of the most rapid ones in screen history.

UNDERWORLD FILM BEING SHOWN AT CAPITOL THEATRE

Eddie Gribbon, who has specialized in playing burglars on the screen for years, was cast in a role that makes him feel right at home in "Cheating Cheaters," the Universal Jewel attraction now showing at the Capitol Theatre, for he does one of the best crook-comedy combinations of his career in this production.

Eddie is well fitted for this particular portrayal, for his early days on the screen were in comedy skits with some of the greatest comedians in the cinema world. He played in scores of one and two-reelers and at one time headed his own comedy company, later going into light comedy-crook characterizations.

The stage attractions at the Capitol for this week include Morris and Wilma, Argentine and acrobatic dancers de luxe; Ed. Merritt, the well-known pianist; and Wilma Brown, lyric soprano in song selections. Harold Bechtel the singing M.C. and the Capitol Concert Orchestra complete the vaudeville bill which will be presented twice daily.

How Much Water Should Baby Get?

A Famous Authority's Rule

By Ruth Brittain

Baby specialists agree nowadays, that during the first six months, babies must have three ounces of fluid per pound of body weight daily. An eight-pound baby, for instance, needs twenty-four ounces of fluid. Later on the rule is two ounces of fluid per pound of body weight. The amount of fluid absorbed by a breast fed baby is best determined by weighing him before and after feeding for the whole day; it is easily calculated for the bottle fed one. Then make up any deficiency with water.

Giving baby sufficient water often relieves his feverish, crying, upset and restless spells. It doesn't give him a few drops of Fletcher's Castoria. For these and other ills of babies and children such as colic, cholera, diarrhoea, gas on stomach and bowels, constipation, sour stomach, loss of sleep, underweight, etc., leading physicians say there's nothing so effective. It is purely vegetable—the recipe is on the wrapper—and millions of mothers have depended on it in over thirty years of ever increasing use. It regulates baby's bowels, make him sleep and eat right, enables him to get full nourishment from his food, so he increases in weight as he should. With each package you get a book on Motherhood worth its weight in gold. Just a word of caution. Look for the signature of Chas. H. Fletcher on the package so you'll be sure to get the genuine. The forty-cent bottles contain thirty-five doses. (Adv.)

HORSES STAGE REALISTIC FIGHT IN COLUMBIA FILM

A terrific battle between two horses is one of the highly dramatic and colorful picturizations of the Zane Grey story "Lightning," a Tiffany picture which is now showing at the Columbia Theatre. So realistic is this combat between two stallions who are fighting for supremacy over a herd of wild horses that it is hard to have an audience believe that this scene is only acting and not a real battle between the two horses, who are the best at friends and share the same neighboring stalls.

The members of the cast include such well-known screen stars as Jobyna Ralston, Margaret Livingston, Robert Fraser, Guinn "Big Boy" Williams, Pat Harmon and Bull Montana.

GEORGE BANCROFT STARS IN FILM NOW AT DOMINION

Shoot first and ask questions afterwards!

That's the advice George Bancroft gives to his men in "The Drag Net," the Paramount picture which plays at the Dominion Theatre.

Bancroft takes the part of a fearless detective lieutenant in this melodrama of the eternal warfare between police and the organized crooks of a great city. The gangsters get so flustered with their law violations in a certain district that Bancroft is transferred to that section with orders to clean them out.

Shaking his life on a bold move he walks into the social headquarters of the gangsters and gives them notice that they must clear out of the district in ten days. They make their answer with bullets.

The story of this thrilling action picture starts out with a murder trial in progress, and it keeps moving into one tense situation after another until the final smashing climax when Bancroft, single-handed, meets seven gangsters in a fight for his manhood, his love and revenge.

Josef von Sternberg, the man who directed Bancroft in "Underworld," is the director of "The Drag Net." Evelyn Brent, the stormy-eyed brunette, who took the feminine lead in "Underworld" and again had that role with Bancroft in "The Showdown," is the girl in this picture.

William Powell has the role of Dapper Frank Trent, gang leader and Bancroft's arch-enemy. Fred C. Brundage, another powerful role as proprietor of the cafe where the crooks hang out, and Leslie Fenton has a good part as Shakespeare, the literary detective.

James Island

James Island, July 26.—Mrs. Parks has left for England on a three months' trip to visit friends and relatives.

Misses Cathie, Isabel and Mary Goldie are spending a holiday visiting their aunt, Mrs. McDonald, Vancouver.

A five hundred party was held at the home of Mr. and Mrs. Ross Patterson. Among the guests were Mr. and Mrs. Goldie, Mr. and Mrs. Brown, Mr. and Mrs. Gibson, Mr. and Mrs. Willmott, Mr. and Mrs. Lalla, Mr. and Mrs. Troup, Mrs. Dickson, and Miss Dickson. Refreshments were served. After supper the prizes were awarded to Mrs. Willmott and Mr. Brown.

Mr. and Mrs. W. Rivers have returned after spending a few days in Vancouver.

Mrs. E. Bradley is spending a few days in Vancouver visiting friends.

Misses Dot and Lily Brown have returned to the island after spending a few days in Victoria.

Miss Patsy Preston is spending a few weeks with Mrs. Willmott.

Miss Hester Richards is spending her holidays with her parents, Mr. and Mrs. George Richards.

A bridge party was held at the home of Mr. McPherson in honor of Miss Hannah, who is shortly returning to Vancouver. Among the guests present were Mr. and Mrs. Pierce, Mr. and Mrs. Clegg, Mr. and Mrs. Kirt, Mrs. Milstead, Mr. Sterling, Miss Hannah, Mr. and Mrs. Emmans. The prize winners were: First Ladies, Miss Hannah; first gent, Mr. Emmans, after which dainty refreshments were served. A very enjoyable evening was spent.

Mrs. Robb has returned to Vancouver after visiting her son, T. Robb.

Miss Nan Thompson is spending a holiday in Vancouver.

Mrs. Scott of Vancouver, is visiting her sister, Mrs. Kirk.

A pleasant evening was spent at the home of Mr. and Mrs. Willmott, at which four tables of five hundred was played. Among the guests were Mr. and Mrs. Lalla, Mr. and Mrs. Brown, Mr. and Mrs. Mawhinie, Mr. and Mrs. H. Gibson, Mr. and Mrs. Goldie, Mr. and Mrs. Troup, Mr. and Mrs. Ross Patterson, Mrs. Dickson, Miss Dickson, Miss Tourangeau, Mrs. Mawhinie carried off first prize. Mr. Lalla the gentlemen's supper was served and a very enjoyable evening was spent.

Mr. and Mrs. McNaughton and family are spending a couple of weeks at Cameron Lake.

Don Scotch Jokes

Station WEE, Boston, has placed a ban on the Scotch joke. "Those in charge of the station believe that the public is tired of this type of wit as a long overworked method for obtaining a laugh," says a poster in the station's studios.

Sa. Princess Patricia will take an excursion to Vancouver on August 2nd.

Phones 2235, 2236, 17738

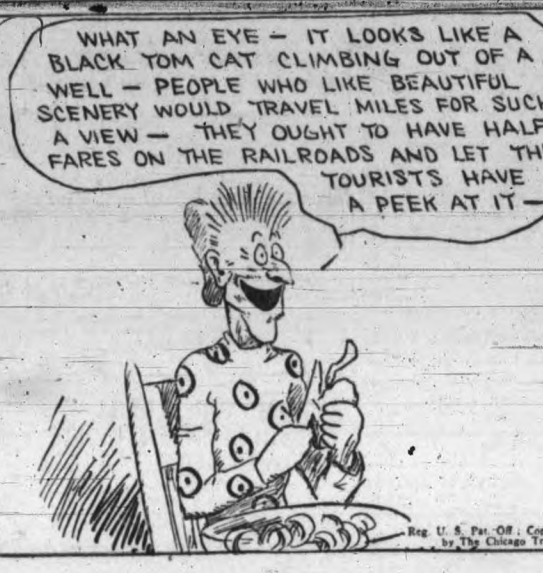

THE GUMPS—HA! HA! HO! HO! HE-HE!!

THERE'S NOTHING IN THE WORLD I'D ENJOY MORE THAN THAT EYE—EXCEPT ANOTHER JUST LIKE IT—I'D LIKE TO FIND THE GOLD BALL THAT SOCKED HIM—I'D HAVE IT MOUNTED ON A SOLID GOLD PEDESTAL—AND PLACED IN THE SMITHSONIAN INSTITUTION NEXT TO COL. LINDBERGH'S SPIRIT OF ST. LOUIS—

WHAT AN EYE—IT LOOKS LIKE A BLACK TOM CAT CLIMBING OUT OF A WELL—PEOPLE WHO LIKE BEAUTIFUL SCENERY WOULD TRAVEL MILES FOR SUCH A VIEW—THEY OUGHT TO HAVE HALF FARES ON THE RAILROADS AND LET THE TOURISTS HAVE A PEEK AT IT—

FUNERAL DIRECTORS (Continued)

AT VANCEVOUR

Vancouver, July 27.—Form players came into town at Hastings Park yesterday when a first or second choice came over in nearly every event.

Although Clamondrope led from the start in the first race, she had to put on every ounce of steam to cap the race when Sylvanus bore down in the stretch and was only a neck behind at the finish. The winner was first choice in the betting and paid \$5 straight. The results were:

First race, claiming, purse \$600; four-year-olds and up; six and one-half furlongs—1, Clamondrope, \$6.00, \$3.45, \$2.95; 2, Sylvanus, \$4.50, \$3.55, \$3. Polly Thorpe, \$3.70. Time 1:24 4-5.

Second race, claiming, purse \$500; maiden four-year-olds and up; about five furlongs—1, Conroy, \$8.10, \$4.35, \$3.20; 2, Beauty Boy, \$9.50, \$7.00, \$3. Carlisle Show, \$8.00. Time 59 3-5.

Third race, claiming, purse \$500; two-year-olds; about five furlongs—1, Weaver, \$4.10, \$3.40, \$2.50; 2, Will Ward, \$3.30. Time 59 2-5.

Fourth race, claiming, purse \$500; four-year-olds and up; mile and one-half furlongs—1, War Bells, \$3.20, \$2.70, \$2.45; 2, Ferrona Seth, \$3.90, \$3.10, \$3. Shasta Donna, \$3.90. Time 1:22 3-5.

Fifth race, claiming, purse \$600; three-year-olds and up; six and one-half furlongs—1, Ninotte, \$5.30, \$2.95, \$2.65; 2, Slipper to Slipper, \$3.55, \$2.90, \$3. Eagles Home, \$3.65. Time 1:23 2-5.

Sixth race, claiming, purse \$600; three-year-olds and up; mile and seventy yards—1, My Daddy, \$3.35, \$2.85, \$2.55; 2, Oolo, \$4.10, \$3.25, \$3. White Lights, \$4.30. Time 1:45 3-5.

MUSIC ANALYSIS COURSE IS CLOSED

Miss Mabel Rich Terminates Lectures at Summer School

The series of "Music Appreciation" lectures given by Miss Mabel Rich of the University of Toronto, at the Summer School this afternoon with an interesting talk on grand opera. Miss Rich has to leave immediately to fulfill similar engagements in the East.

Folk dances and songs and patriotic music typified the ideals of a country or people, and she made brief reference to the effect of political unrest by the folk songs of Spain, showing Oriental influence in the songs of that country, particularly in the vicinity of Granada.

NEWS IN BRIEF

The city school board office will close on August 1 for two weeks, when the office staff will be on vacation.

Robert J. Sears of Vancouver appeared in the city police court this morning to face a charge of permitting cruelty to a cat of young children. Sears was released on a \$1000 bond.

Colin C. W. Park, who was re-elected member of the Legislature for the Islands recently, will be the guest of honor at a reception to be tendered to him by Conservative ladies of Deep Cove to-night. Hon. S. F. Tolmie, Conservative Leader, and Mrs. Tolmie also will be honored at the function, which will take the form of a supper.

All poultry producers are invited to attend a meeting in the members room at the Parliament Buildings at 8 o'clock on Monday evening in order to receive reports from delegates sent over to the recent meeting of mainland poultry producers at New Westminster. This meeting was held to organize an egg and poultry pool for the purpose of co-operating with the prairie pools to obtain orderly marketing of poultry products. The minutes of the last evening held at Westminster, together with authorized agreement and contract forms will be placed before the meeting and discussed.

The annual basket picnic of the B. P. O. Elks of Victoria will be held at Deep Lake on Sunday, July 29. An energetic committee have all arrangements in hand and an enjoyable outing for the members, families and friends of the order is anticipated. A lengthy programme of sports will be run off during the day including a softball game between the married and single members of the local lodge. The caravan of motor cars carrying the merry-makers will leave the Elks' quarters on Douglas Street at 10:30 a.m. and any one who wishes to join the outing and has no car should get in touch with the secretary who will arrange for their transportation. Coffee, sugar, milk and ice cream will be provided on the grounds.

Hotel Rotunda Gossip

With the tourist season at its height, the Dominion Hotel lobby and surrounding streets are the busy places of the city these days.

Among the prominent people at the Dominion to-day was Chris McRae, former Liberal member for Vancouver, who has been enjoying Victoria's golf courses for the last couple of days.

"I have got away from politics and have been able to have a few days of wonderful pleasure in this Victoria sunshine," Mr. McRae said.

Among the Vancouver business men who came over this morning, John L. Noble, the leader of the British Columbia fire underwriters; Harry C. Briggs, the oil and mining man; and E. J. Ryan, the building and public works contractor. They are all at the Empress Hotel.

Other Vancouver people who are over for a few days holiday include: Dr. and Mrs. Cross, Mrs. C. B. Ross, Mr. and Mrs. Henry R. Hobson, Mr. and Mrs. O. A. Young, J. Hunter Harrison, Mr. and Mrs. John W. Wilson, Mr. and Mrs. C. F. Stafford, with their daughters, Frances and Helen, who are all at the Empress Hotel.

J. O. Morse, for the last forty years one of the outstanding figures of the Olympic Peninsula, have arrived at the Dominion Hotel from Port Angeles with his wife. They are here for a few days to look up some old friends.

Dr. and Mrs. Nicholson are down from Ladysmith and are staying at the Dominion Hotel. Also from Up-Island are the Dominions Hotel-sire Mr. and Mrs. Charles Simms, of Courtenay; Mrs. G. E. Mallory and Miss Mallory from Courtenay, and P. Stacey of Ganges.

From Salmon Arm are Rose Gibbons and C. W. K. Gibbons. A party from the Puget Sound Navy Yard, which is spending a few days at the Empress Hotel, consists of Capt. and Mrs. E. R. Gayler, Mrs. B. S. Roberts, Miss Gayler and Noel A. Gayler.

Among the Seattle people here to-day at the Empress are Mrs. G. E. Maine and her daughter, Mrs. W. Scurlay and her children, Mrs. George I. Briggs and her daughter, Mr. and Mrs. A. M. Berry.

Mr. and Mrs. W. Mariott are here from Kamloops on a summer holiday visit and are at the Empress Hotel.

Mrs. W. M. Wilcox and her family are down from Parksville and are at the Empress Hotel.

From the other side of the Rockies there have arrived at the Empress: Mrs. K. R. Cummings of Toronto, who is accompanied by Miss E. L. Clements of Ottawa; Mr. and Mrs. E. B. Jonah and Frances Jonah of Regina; Mrs. Madsen and her son from Edmonton.

COAL MINING OBSERVED

Coal mining under Nanaimo Harbor deeply interested him, but there was little time to spend in the city. The Motor Princess the purser's cabin was generously turned over to the New York party by request of Capt. Truop. N. R. Desbriais, general C.P.R. passenger agent, had also arranged for the private car "Roamer" in Vancouver to be attached to the Imperial Limited, so that Mayor Walker and his friends could prolong their stay here.

Before he left Victoria Mayor Walker was cordially greeted by Dr. McInnes, one of his old political friends of New York, who was strolling through the Empress gardens.

Lutherans Meet In Moose Jaw

Moose Jaw, Sask., July 27.—With more than 200 delegates from Manitoba and Saskatchewan in attendance, the Young People's Lutheran League's annual convention was opened here this morning. During the morning registration of delegates took place and the visitors were welcomed by Rev. H. L. Urness, minister of the Central Lutheran Church of Moose Jaw. A nomination and a resolutions committee was appointed.

Mayor "Jimmy" Walker Misses His Lunch For Shopping in Victoria

While Vancouver Awaits Him, Mayor of New York Augments His Perfect Wardrobe, Collects Souvenirs at a Brewery, Drives Over Malahat and Takes Tea at Cowichan; Crystal Garden Enchants Him

"Good-bye, George, but I would like to stay here," was the farewell greeting of Mayor "Jimmy" Walker, of New York, as he sailed last night for Vancouver from Nanaimo on the Motor Princess after breaking the schedule of his Pacific Coast swing to make a longer stay on Vancouver Island than provided for anywhere in his tour.

The debonair New Yorker waved his farewell greeting from the deck of the ship to George I. Warren, publicly commissioner, who had taken him and his party up the island from Victoria.

True to form, the former songwriter who rose to become one of the outstanding figures in the country, "wisecracked" all day, but his interest in Victoria industries, coal mines, mills and logging and the questions he asked showed the deeper side of his character, with which the public is not so familiar.

AN HOUR LATE

Natally dressed as ever, Mayor "Jimmy" saw Victoria during the forenoon. In spite of his reputation for keeping presidents and delegations waiting, no one was left to cool his heels in Victoria. After his arrival, a reception and a little supper party at the Empress Hotel Wednesday night, he made an appointment for a shopping tour of Victoria Thursday morning at 10 o'clock. He was an hour late in the start for at 10 o'clock he was having breakfast in his suite. Mayor Penderay and his wife, however, were invited up and they got away by 11 o'clock in the Mayor's car.

NOTHING LIKE THIS

"We have nothing like this in New York," he said when they visited Mrs. W. J. Penderay's garden. He congratulated the Mayor's mother and insisted that the other members of the New York party come to see them. "Take a picture of this," he told his friend Billy Seaman, and Billy took a picture of Mayor Walker shaking hands with a topiary teddy bear.

"I would like to take that back to the Bronx Zoo. They would be keen about it," he said of Ursus Kemedol when he saw the famous white bear in Beacon Hill park.

"This is wonderful," he remarked of the Crystal Garden. "It is the best thing of its kind I have seen anywhere. There's nothing to equal it in Europe. I hope I may have the opportunity of returning your hospitality in New York," he said to Mayor Penderay, who the party left at 1 o'clock for his flying trip to Seattle. "It will be hard to equal it. This unexpected trip has been one of the bright features of the West Coast tour."

LUNCH

Lunch was scheduled for 1 o'clock and a shopping tour has also been arranged.

"Cancel lunch here, I must go shopping," he said after shopping at the Empress Hotel. He saw the stores and purchased heavily. His very complete wardrobe will be considerably augmented, especially with sweaters. He spent an hour purchasing a variety of articles before leaving for Nanaimo via Cowichan with a stop at Cowichan for the delayed lunch.

HEWERY SOUVENIRS

On the way out the party stopped at the Phoenix Brewery. Mayor Walker was deeply interested. Three of the company's advertising trays, three beer glasses and the beer bottle were gladly accepted as souvenirs after a brief but pleasant visit. He asked for them to be sent to his office in New York.

As Mr. Warren at the wheel headed for the country, Mayor Walker asked about the beer parlors of which he had heard. He inquired on stops at Cobble Hill and Colwood and over a glass of beer asked questions about the operation of the liquor laws of British Columbia.

"It appears to be a system that would prevent intemperate drinking," he commented.

Further up the island the boom and logging operations interested him. He called for a stop to watch a train of logs unloading.

LIKES HIS TEA

At Cowichan Bay Inn a chicken dinner was awaiting Mayor Walker called for tea his own particular brand that he carries on his special car "Roamer". The weather being hot, Mayor Walker suggested they might take their coats off to eat.

The New York visitor was keen to see Duncan. "I heard about the English settlement of Duncan when I was in London," he said. "I would like to see it."

OBITUARY

The death took place this morning at the family residence, 3286 Rutledge Street of Mr. Henry Saunders, aged seventy-nine years. He was born in Fifeshire, Scotland, and had been a resident of this city for the last seven years. The late Mr. Saunders is survived by his widow, at home, three daughters, Mrs. J. G. Little, Mrs. R. Meadows and Mrs. C. MacDonald of this city, one son in South America and two brothers. The funeral will take place on Monday, July 30, at 11 o'clock from the Sands Funeral Chapel. Rev. J. S. Patterson will officiate and the remains will be laid to rest in the family plot at Ross Bay Cemetery.

Lincoln Field Results

The new Orthophonic Victrola

This new Orthophonic, superseding the famous Credenza model, is the most strikingly beautiful Victrola ever built. It is arresting in its design... new, and with the spirit of good taste unmistakably expressed... yet, it is a musical instrument which far surpasses in tone brilliance any of the earlier Orthophones. You must come to-day and hear it. The price is

BUS ROUTES CONCENTRATE

Coach Lines Promptly Comply With Police Desire

Buses to Cease Using Street Stands After To-morrow

Commencing Sunday morning, all the bus routes operated by the Vancouver Island Coach Lines Limited will cease using downtown street corners as stands, and will concentrate at the Broughton Street terminal building. J. S. H. Macdonald, this morning, explained that this course has been adopted in deference to the desire of the city Police Commission, expressed in a letter to the City Council asking immediate cancellation of bus terminal areas hitherto permitted.

"When the Police Commission made its view clear, prompt action was the only course to adopt. But operators and patrons have cause to feel grateful to the Police Commission for valuable traffic concessions, and when the commission decided that the time for change had arrived, I considered that immediate compliance was the best method of expressing thanks for past favors," said Mr. Macdonald.

The route which will be served from the Broughton Street terminal after Saturday evening will be: Gordon Head, Cadboro Bay, Cordova Bay, Douglas Street, Marigold, Burnside, George, Lake Hill, Brentwood and Central Saanich.

OVERNIGHT ENTRIES AT VANCOUVER

Vancouver, July 27.—Overnight entries at Hastings Park for Saturday, July 28, follow:

First race—Claiming \$500, three-year-olds and up, six and one-half furlongs—114 Randolph 114 114 "Sancho Panza" 112 112 Lustrous 112 112 St. Angelina 112 112 Charlie Murray 109 109 "I hope I may have the opportunity of returning your hospitality in New York," he said to Mayor Penderay, who the party left at 1 o'clock for his flying trip to Seattle. "It will be hard to equal it. This unexpected trip has been one of the bright features of the West Coast tour."

Second race—Claiming \$500, three-year-olds and up, six and one-half furlongs—117 Royal Oak 117 117 Duchess of York 114 114 Bobby Jones 112 112 Bobby Jones 112 112 Cancellation 112 112 "Lady Barrett" 109 109 "Maurice Mulcahy" 109 109 Miss Gay 103 103

Also eligible—114 Cleo's Rocked 114 114 Mount Elgon 106 106 Venture 106 106

Third race—Claiming \$500, three-year-olds and up, six furlongs—115 Black Sand 115 115 Old Sinner 112 112 "Darrel J." 112 112 "Felicious" 112 112 "Irish Jury" 105 105 Tulane Kid 103 103 Dandy Pat 103 103

Also eligible—112 Brian Kent 112 112 Alhamoud 112 112 Buck Terror 112 112 Royal Irish 108 108 Fly Away 110 110

Fourth race—Claiming \$500, three-year-olds and up, one mile and one-sixteenth—107 Royal Oak 107 107 Duchess of York 106 106 Bobby Jones 106 106 Bobby Jones 106 106 Cancellation 104 104 "Lady Barrett" 102 102 Shasta Donna 102 102 Shasta Bishop 98 98

Fifth race—Vancouver Stock Exchange handicap, purse \$1,000, three-year-olds and up, one mile and one-sixteenth—107 Royal Oak 107 107 Duchess of York 106 106 Bobby Jones 106 106 Bobby Jones 106 106 Cancellation 104 104 "Lady Barrett" 102 102 Shasta Donna 102 102 Shasta Bishop 98 98

Sixth race—Claiming \$500, three-year-olds and up, about five furlongs—110 Joe G. 110 110 Hong King 109 109 "Kettle" 109 109 Perena Setth 105 105 Willow Bramble 105 105 "Tatters" 98 98

Ladies to Skipper All Boats in Races Set For To-morrow

On Thursday evening at her home, 730 Craigflower Road, Miss Bertha Turner entertained in honor of Mr. and Mrs. A. R. Griffiths, her sister and brother-in-law of Modesto, California. The evening was spent in dancing and refreshments were served. The invited guests were: Mr. and Mrs. A. R. Griffiths, Mr. and Mrs. H. J. Rucker, Mr. and Mrs. M. Griffiths, Misses Lillian Newell, Doris Turner, Mayne Newell, Clara Turner, Kay Sims and Messrs. Charles Bennett, Jack English, E. Bennett, Howard Newell, Jack Thompson, Ken. Richmond, Ed. Adams.

Tomorrow afternoon will be ladies day at the Royal Victoria Yacht Club and all boats will have female skipper. There will be races in the dingy and star classes and perhaps the cruiser will be turned loose with the weaker sex at the helm. After the races the fleet will leave for Discovery Island to hold a picnic.

ESTEVAN RETURNS

After repairing buoys and lightships in the vicinity of the Fraser River, the Dominion Government lightship tender Estevan returned to her pier in the upper inner harbor at noon today. The ship has been away since the beginning of the week.

Woman Robbed Of Stock Certificates

Vancouver, July 27.—Two P. Burns and Company stock certificates worth \$460 and bearing the number 3612 and 4111, with \$10 in cash were stolen in a lady's handbag from a doctor's office in the Dominion Building yesterday. According to a report made at police headquarters by Mrs. Snowden, owner of the bag.

EASTER DATE BILL PASSED IN BRITAIN

London, July 27.—The bill stabilizing Easter in Great Britain and Northern Ireland was given third reading in the House of Lords today. The measure, which makes Easter permanently fall on the Sunday after the second Saturday of April, now needs only to be signed by the King to become law.

STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)
(Special Wire)

Winnipeg, July 27.—The wheat market was mostly dull and drab today with very little feature to the small volume of business passing. Prices were firm and a little higher during the first part of the day when there was moderate buying by shabard houses, but after this demand was satisfied prices eased off about 1½ cents in sympathy with weakness in Chicago. Only a few short covering finally closing ½ to ¾ lower. There was very little pressure on the market at any time, and the bulk of the business was of a spreading character.

In the cash market there was a fair demand for certain grades, mostly from shippers with tonnage to fill, but a moderate export business was worked over night. Liverpool closed 2½ to 3½ cents higher, fully following our bulge of Thursday, probably based on world shipments which are indicated as light, all countries falling off from last week. It is probable that the Indian shipments will be about over for the season, and Argentina and Australian clearances will be negligible from now on. Gulf wheat is still out of line for export, but there continues to be active cash for American-Winters from the mills that in some measure offsets the hedging at Chicago.

The weather in Western Canada is altogether favorable, but there is as yet little selling pressure from country points, the general tendency is to await developments.

Coarse grains: Trade was light and the market inclined to weaken following the sharp upturn of yesterday. There is export inquiry for barley, but bids are a little out of line, and there is some tendency to hedge on the new crop, which is rapidly approaching maturity. The world's rye crop is estimated at 100,000,000 bushels less than last year, which at that time considered a short crop. The deferred months of rye and oats look cheap, but as yet have not attracted any investment buying. The general trend of the market will probably follow the swings in wheat.

Flax: Dropped part of the advance of yesterday. Argentine shipments for the week were moderate, and the demand seems to hold up fairly well. Flax is not likely to move far from these levels.

Investment Bankers New Head Opposes Non-voting Stocks

Chicago, July 27.—Rollin A. Wilbur, vice-president of the Herrick Company Limited, newly nominated to head the Investment Bankers' Association for the ensuing year, is perhaps the only bond man in existence who prefers a hoe to a golf club. His hobbies are vegetable and flower gardening and his business activity based on a conviction that the future depends on progressively greater industrial achievement. His nomination, as president of the association, announced at the association's office to-day was largely in recognition of service on the association's board of governors and in its industrial security committee. He is a thoroughly soundheaded man, with a keen grasp of the basic principles in industrial financing. His report on non-voting common stocks

opposing their general standpoint, was adopted as the association's official position. The subject was a heated topic in the public mind, and was repeatedly described as a menace. This report calmly summing up the facts and figures in paragraphs headed "Against Willing Forgetting" and "Against Willing to Forget Stocks," was widely reprinted in news and editorial columns, and was named "menace" at no small interest as a result of public alarm.

Mr. Wilbur will assume his new office at the close of the Investment Bankers' Association convention at Atlantic City, October 15, 1918, and will continue to hold election in the association. He will succeed Henry L. Hayes of New York. Since 1918 Mr. Wilbur has been associated with Farnley W. Herrick, president and head of the Herrick Company, and Myron T. Herrick, American Ambassador

France. He was born in the little city of Troy, Ohio, and grew up in the tiny town of Wellington, Ohio. He went to the University of Michigan and held a number of major positions in the National Student Reliance Association, the Savings and Banking Company of the United States and the National Student Reliance Association. Alternating years of work and study followed. After a year in the law office of Mr. Wilbur in Wellington, he returned to the University of Michigan and, later, as cashier of the First National Bank of Wellington, attending to bank duties by day and studying law at night. He was admitted to the Ohio Bar in 1937, a member of the Cleveland Bar in 1938.

Although he was now a practicing attorney, entitled to plead in the courts of the state, young Wilbur was not satisfied. He attended Western Michigan University Law School from which he received the degree of LL.B. in 1940. Still not satisfied, he studied at Harvard Law School in 1941 and 1942, and returned to Cleveland to practice law. He was general attorney for Utah Power and Light

Company, Salt Lake City, 1913 to 1915. It is said that the Herricks were "independent of mind as well as industry." In a disputed business problem Wilbur held to his opinion, and was convicted on the basis of his convictions so vigorously that he had to point out that a subsequent conviction would mean a subsequent fine. This was the kind of man the Herricks were looking for, and their partnership offer followed. His wife ascribe to Wilbur the motto: "Let the things help to thrive are the things helped to thrive are union bond or a row of dahlias in the garden of his Shaker Heights home in Cleveland. The Herricks have a public utility, seems to me little difference in the quality of pleasure as a gardener of vegetables or flowers or business enterprise.

Wilbur is a member of the four clubs. She is a Wellesley College graduate and was a Miss Mabel Smith, daughter of a Boston banker. Mr. Wilbur is chairman of the board of directors of the First Baptist Church, Cleveland. His club affiliations, all in Cleveland, include the Union, Nisi, Park Mayfield, University and Midway of

Other nominees of the
Bankers' Association were announced
to-day as follows:
Executive vice-president—Alder
Little, Chicago.

Synopsis by Branches.

CREAMERY BUTTER

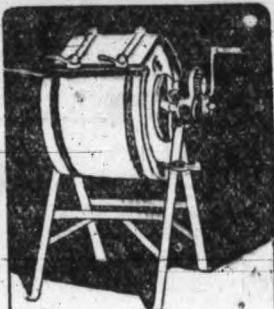

On another page you saw how butter is made on a small farm or dairy. In this large factory the cream is first pasteurized and then is run into the great churns which break up the fat globules and collect them as butter. The moisture is worked out by machinery, the butter is removed from the churns and then goes into the next room to be packed for market.

By N.E.A. Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-26.

This shows a separator. Revolutions drive skim milk away from the center and through the skim milk outlet. Cream stays at the center and goes through the holes marked 3 and out the cream outlet.

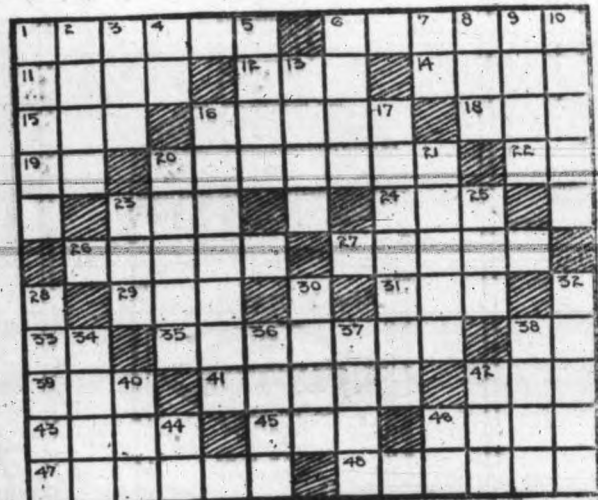

On some large farms such a churn as this is used. This one is turned by hand, but it is easy to use an electric motor or another form of power.

Butter, in the creamery, is often made into prints by hand. The molds are filled from the great mound of butter on the table and the blocks are weighed and wrapped in parchment paper. They are then packed in boxes and taken to the cooling room to become thoroughly chilled. Thousands of packages a day are produced in the larger factories. (Next: Cattle)

THE STUDENT AND MASTER

To-morrow's Horoscope

SATURDAY, JULY 28, 1928

Menacing stars rule to-day, according to astrology, which reads the horoscope as exceedingly unfavorable.

Clashes between old industrial methods and new also may be expected as the Autumn advances. Efficiency is to be worshipped more and more and expert service is to be demanded insistently, the seers foretell.

Women will play subordinate parts in the national campaign; it is again prophesied, and few will obtain public office.

Quarrel weather vagaries are forecast for many parts of the country and heavy storms may damage property next month.

Weddings among the wealthy and the famous will multiply early in the Autumn. It is prophesied.

Persons whose birthdate it is may expect a year of unusual joy. The home is to be a place of much prosperity. Children born on this day may have special talents in gardening and agriculture. Poets are born under this sign. (Copyright, 1928.)

COAL TOO DEAR TRUSTEES AGREE

Tenders Thrown Out By
School Board

Trustees Consider Buying
Direct From Mines

The School Board last night rejected all tenders for supply of coal to the schools and authorized the finance committee to discuss with the City Council finance committee methods of pooling coal requirements and purchasing in bulkloads direct from the mines, as suggested by Mayor Pendray in a letter to the board.

This action was taken without debate upon recommendation of the finance committee, which reported that all tenders for supply of coal were too high.

The board awarded J. E. Painter and Sons a contract to supply cordwood at \$5.75 per cord.

NEED MORE ROOM

The need of a second typewriting room at the Victoria High School was brought to the attention of the School Board by George Ashman, teacher in charge, and referred to Principal Ira Dilworth.

**Increase Your Weight
5 Pounds in 30 Days**

**Make Yourself Strong,
Healthy and Vigorous
at the Same Time**

By this time most people know that the world's great flesh producer is McCoy's Cod Liver Extract Tablets.

Take them for a few weeks and the hollows in your cheeks, your neck and chest will soon fill out and whether you be man or woman you'll have an attractive figure and plenty of "get there" energy in just a short time.

No one will call you skinny any more.

In McCoy's you find a combination of health building and the bring energy, strength and vigor and at the same time put pounds of good healthy flesh on those who are underweight.

One underweight woman, exceedingly thin gained ten pounds in twenty-two days and doesn't have to worry any more about her figure.

McCoy takes all the risk—Read this ironclad guarantee. If after taking four sixty cent boxes of McCoy's Cod Liver Extract Tablets or two one dollar boxes any thin, underweight man or woman doesn't gain at least five pounds and feel completely satisfied with the marked improvement in health—McCoy's Drug Co., Vancouver Drug Co., Owl Drug Co., or any druggist is authorized to return the purchase price.

NEW SEATTLE FLYING FIELD IS DEDICATED

Giant Victoria Passenger
Plane Takes Part to Participate in Ceremony

Flying with a full load of passengers, the giant Ford monoplane of the B.C. Airways Limited, left Victoria for Seattle yesterday afternoon to take Mayor J. C. Pendray and others to participate in the dedication ceremony at Boeing Field, the Washington city's new flying centre.

Where army and navy planes circled and swooped over the clustered buildings of the city of Seattle, the huge machine swept majestically from across Puget Sound, one hour out from Victoria. Inside, passengers and guests of the B.C. Airways Limited, watched the ground come closer as the roaring plane banked and turned in the long descent towards the flying field.

THOUSANDS WATCH
Thousands of persons along the edge of the flying field, swarming along the fence which kept them from the runway, craned upwards at the mighty Canadian passenger plane roared down

upon them. Flying field officials were hurrying to the spot where the monoplane would land, and U.S. customs and immigration officials, with a company of police, awaited the machine. Pilot Herald Walker made a perfect landing, racing down between the long lines of trees and navy machines, while a siren screamed a warning to keep the runway clear. There were about thirty planes along the edge of Boeing Field.

SEATTLE THRILLED
The Victoria plane was greeted as a champion. For at this dedication ceremony, as speakers later said, Seattle saw her dream of progress materializing with her new air field in use. The faith of her people was rewarded.

The passengers and guests aboard the Victoria plane were given the freedom of the flying field. It was estimated that 50,000 persons visited Boeing Field yesterday. About 15,000 heard the addresses of Robert S. Boyns, of the citizens committee; Capt. J. V. Hyde, manager of Boeing Field; J. M. Sparkman, of the board of county commissioners; Mayor Frank Edwards of Seattle; Thomas D. Stimson, Washington governor of the National Aeronautic Association; W. E. Boeing, the plane manufacturer; Hon. William P. MacCracken Jr., assistant secretary for aeronautics; Hon. W. W. Connor and others. These had to do with the growth of Seattle as an air port, and of the prominent part which W. E. Boeing had played in it, and the progress of the nation. A plaque commemorating Mr. Boeing's splendid work and dedicating the field to him, a fine tribute, as Mayor Edwards said, was un-

veiled by Seattle Boeing, the airplane manufacturer's little son.

HOLD THEIR BREATH
Several of the prominent officials of state and county and of Washington, who were present at the proceedings, were taken for a flight in the Victoria monoplane, the plane of the B.C. Airways. They flew over Seattle for a little while after they had landed, army and navy planes stunted overhead. In battle formation, dropped smoke bombs on the ground and took the ground and growing crowd.

One of the most thrilling demonstrations was given by a group of five Boeing factories when they flew a high-powered plane over the field and stunted to show its amazing speed and manoeuvring power. Capable of sustaining a speed of 190 miles per hour, according to field mechanics, the little green and silver plane with the Boeing pilot, thrilled the crowd. It is a new type of machine which is being built for the army and navy.

IDEAL WEATHER
The ceremonies were carried out in bright sunshine, and in a temperature that ran around 90 degrees, but conditions were ideal for flying. The Victoria monoplane took off for her return flight at 3.40, flew over Seattle's residential districts. Again the plane was carrying a full load, for another passenger took the place of John Rithet, who flew to see his wife in hospital in Seattle.

The return flight, against a headwind, was accomplished in an hour—eighty miles in sixty minutes.

Among those who traveled to and from Seattle yesterday were Mayor and Mrs. J. C. Pendray, Ernest and Cecil

Eve, president and business manager respectively of the B.C. Airways; Mr. and Mrs. C. R. Walker, C. E. Whittaker, F. E. Winslow, John A. Rithet, A. T. Stewart, V. R. Gravin, John Shaw and V. F. Bendroit, traffic manager of the Airways. Pilot Herald Walker and Mechanic H. A. Wilson flew the machine.

MAN GIVEN PRISON TERM

Assiniboia, Sask., July 27—Found guilty of setting fire to his butcher shop at Vantage in order to secure \$6000 insurance, Albert Pihl was sentenced to two and a half years in the penitentiary. Two men narrowly

escaped death in the burning building.

BOY LOST LIFE

Strasbourg, Sask., July 27—The body of the four-year-old son of Mr. and Mrs. Nicholas Clement, living on a farm near Earl Grey, was found yesterday morning in a shack on the homestead with a bullet wound through the throat. After an inquiry by a coroner's jury the decision was reached that the wound was self-inflicted and the verdict carried with it a censure of the parents in permitting their young children to play with loaded firearms.

KILL flies and mosquitoes now. You dare not wait until the house across the road is placarded with a flaming warning "QUARANTINE KEEP OUT!"

That may be too late. The seeds of sickness may be already sown. For the mosquito will strike in the darkness of the night. Pierce a child's tender skin. Inflict a burning torment. Inject the germ of dread disease.

Or it may be planted in the things you eat by the elusive fly—unspeakably unclean reeking with bacteria. With moist, spongy, hairy feet, drenched with filth, flying here and there. Or crawling over food. Tainting everything they touch. Poisoning food. Even those jellies, cakes and pies a child finds so delicious.

Government scientists have actual proof that flies transmit thirty different diseases. (See Farmers Bulletin No. 1408.) A national health magazine declares that each year in the United States flies cause forty thousand deaths.

Absolute protection is necessary. Flies must be killed. Health authorities advocate the use of Fly-Tox. It is a scientific insecticide. Fly-Tox was developed at Mellon Institute of Industrial Research by Rex Fellowship.

FLY-TOX can be bought at all drug and grocery stores. It does not cost much. Half-pint fifty cents. It is easy to use. FLY-TOX is stainless, safe, sure, dependable. Just reach any household insect with that fragrant cleanly spray of FLY-TOX. It crumples up—and dies.

Then your house is clean. The children are safe. And you may enjoy that new summer comfort—a home without flies or mosquitoes.
